NAYS—0.

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, that the Clerk return the same to the Senate with information that the House has passed the same without amendments.

The SPEAKER. The Chair asks the unanimous consent of the House to call up at this time House Bill No. 576, (Senate No. 96), on page 8 of to-day's calendar, the same being a kindred bill to the one just passed by the House.

The Chair hears no objection.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 576 (Senate No. 96), as follows:

An act increasing the number of courts of Common Pleas in the County of Allegheny establishing therein a distinct and separate Court of Common Pleas and providing for the election and appointment of judges for said court

Section 1 Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met and it is hereby enacted by the authority of the same That there shall be and hereby is established in the County of Allegheny a distinct and separate Court of Common Pleas in addition to those now established composed of three judges learned in the law who shall hold office for the same term with like powers duties authority and compensation and with like constitution and equal and co-ordinate jurisdiction with courts of common pleas now existing in said county and the judges thereof respectively

Section 4 All acts or parts of acts inconsistent herewith are hereby repealed

On the question,

Will the House agree to the bill on third reading?

Mr. ALTER. Mr. Speaker, I ask unanimous consent to insert an amendment to the title at this time.

The SPEAKER. The Chair hears no objections and the amendment will be read by the Clerk.

The amendment was read as follows:

Amend the title by striking out the words "and appointment" in the last line.

The SPEAKER. This being merely a striking out, the bill does not have to be reprinted.

On the question,

Will the House agree to the bill on third reading as amended?

Mr. ALTER. Mr. Speaker, some gentlemen of the House being confused as to what his bill is I would state for the information of the gentlemen that this bill provides an additional court for the county of Allegheny. The bill just passed is a bill providing for an intermediate court. There is some doubt as to the constitutionality of these bills. There is great need for additional court facilities in the county of Allegheny. This bill was called up at this time by the Speaker in order that the bill just passed together with this bill might be handed to the Governor at the same time. It is a question of which bill should be approved.

The question recurring,

Will the House agree to the bill as amended on third reading?

It was agreed to.

And said bill having been read at length the third time, considered and agreed to.

On the question.

Shall the bill pass finally?

BILL ON FINAL PASSAGE.

Mr. ABBOTT. Mr. Speaker, I would like to call up at this time House Bill No. 310, file folio 1457, on page 42 of to-day's calendar, bills on final passage postponed for the present.

Agreeably to order,

The House resumed the consideration on final passage of H. R. Bill No. 310, entitled:

An act to amend the tenth section of an act approved the twenty-fourth day of May Anno Domini one thousand eight hundred and eighty-seven entitled "An Act to regulate the practice of pharmacy and sale of poisons and to prevent adulterations in drugs and medicinal preparations in the State of Pennsylvania" and prescribing additional restrictions and precautions in the sale of poisons

On the question,

Shall this bill pass finally?

Mr. R. J. BALDIN. Mr. Speaker, I would like to interrogate the author of this bill

The SPEAKER. Will the gentleman from Philadelphia, Mr. Abbott, permit himself to be interrogated?

Mr. ABBOTT. Yes sir.

Mr. R. J. BALDWIN. I would like to have the author of this bill make an explanation of it.

Mr. ABBOTT. This bill provides for a simple amendment to the old law. The old law prescribed that when a person purchased poison the druggist would keep a book and write the name of the purchaser in the book. Under this change it simply required that the purchaser of poison shall sign his own name. Ther is no other change except that the druggist shall know who is purchasing the poison. If a man cannot write he makes his mark to it, after being properly identified. We will have more protection to the public, and besides we will relieve the druggists of a great deal of responsibility if some future developments would be brought to the public notice. The retail druggists of Philadelphia have endorsed the bill and I ask the members to pass it.

The question recurring.

NAYS—0.

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, That the Clerk return the same to the Senate with information that the House has passed the same without amendment.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 472 (Senate No. 208), entitled:

An Act to ascertain and appoint the fees to be received by the several prothonotaries of the courts of common pleas of this Commonwealth in counties having a population of over two hundred thousand and under one million and to provide the time of paying the same

On the question.

Will the House agree to the bill on third reading.

Mr. ULERICH. Mr. Speaker.

The SPEAKER. The gentleman from Westmoreland, Mr. Ulerich.

Mr. ULERICH. Mr. Speaker, I ask unanimous consent to offer an amendment to this bill.

The SPEAKER. The Clerk will read the amendment.

The Clerk read the amendment as follows:

Amend section 1, line 73, strike out the second "or" and insert the word "on."

Also in section 1, line 236, strike out the second "of" of said line and insert the word "or."

On the question.

Will the House give unanimous consent to insert the amendment as read?

The SPEAKER. The Chair hears no objection. The amendment will be inserted in accordance with the instructions of the House.

The bill as amended was then agreed to.

Ordered, That the bill, as amended be prepared for final passage.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 473 (Senate No. 283), entitled:

An act to repeal the act approved March twenty-fourth one thousand nine hundred and nine entitled "An Act to amend the amendment approved the twenty-first day of May Anno Domini one thousand eight hundred and ninety-five to section two of an act entitled "An Act to authorize cities of the first class to levy and fix a tax rate to fix the time of opening and closing tax duplicates to regulate the appropriations and expenditures of said cities and prescribing penalties for the violations of the provisions of this act" approved the eleventh day of June Anno Domini one thousand eight hundred and seventy-nine changing the date for opening and closing tax duplicates and placing the same in the hands of the collectors of delinquent taxes"

On the question.

Will the House agree to the bill on third reading?

Mr. DEARDEN. Mr. Speaker.

The SPEAKER. The gentlemen from Philadelphia, Mr. Dearden.

Mr. DEARDEN. Mr. Speaker, I want to call the attention of the House to the fact that this bill is simply an unconditional repealer which provides for nothing but repeals an act of the last session. I confess a want of knowledge as to what the bill really contemplates, but I would like somebody who does understand it to explain it to the House.

Mr. KEELY. Mr. Speaker.

The SPEAKER. The gentleman from Philadelphia, Mr. Keely.

Mr. KEELY. Mr. Speaker, having been an employe in the office of the Receiver of Taxes of Philadelphia, I feel that I ought to say something on this bill. In 1909 the Board of Revision of Taxes presented to this House a bill setting February first as the day for the opening and closing of tax duplicates and the receipt of taxes. Prior to that time, January first was the date. This bill simply repeals the act of 1909 and puts in force the act in existence prior to that time, making January 10 the date or the day of the opening and closing of t duplicates instead of February first.

This has been done for the reason that in the offi of the Receiver of Taxes it was almost impossible to ha dle the great amount of business that came there wh the date was February first.

And said bill having been read at length the third tim considered and agreed to.

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, That the Clerk return the same to the Senate with information that the House has passed the same with amendments in which the concurrence of the Senate is requested.

Agreeably to order,

Section 8 All Acts or parts of Acts inconsistent herewith be and the same are hereby repealed

Mr. R. J. BALDWIN. Mr. Speaker and gentlemen of the House, as I read this bill, I do not know whether the House realizes it or not, but a very great deal of the dog tax that is levied and collected in our State, is levied and collected under local laws, some of them very old. I live in a district where the law under which we levy the tax is a very old law. I would like to know from whoever is responsible for this bill whether it will mean double taxation or not. While, Mr. Speaker, the House is disposed always to have a little fun at the expense of the dog, I want to say to the House that if there is any animal that we can think of that is faithful and loyal to its friends, it is the dog. The man or the human being who holds lightly the life of the dog seems to me to lack the real elements of christianity. This bill proposes that from a failure upon the part of the owner to pay a tax within a limited time you have the right to go out and kill him.

Mr. DEARDEN. Mr. Speaker, I desire to interrogate the gentleman from Delaware, Mr. Baldwin.

The SPEAKER. Will the gentleman from Delaware permit himself to be interrogated?

Mr. R. J. BALDWIN. Yes, sir, Mr. Speaker.

Mr. DEARDEN. Mr. Speaker, I want to ask the gentleman whether he means the dog or the owner of the dog?

Mr. R. J. BALDWIN. Mr. Speaker, any member of the House who should read this bill and mistake its language to mean that you had the right to kill its owner, I don't feel that I am capable of making him apprehend. Therefore, it is a question that I will not attempt to answer.

I speak seriously on this question. I mean everything I say about it; that I stand here as friend of the dog. You may laugh the dog's case out of court. You may treat the life of the dog as a matter of no consequence, but I don't. I know what the faithful dog is to man. It has been with him since the earliest dawn of history, and before authentic history, and when we lightly legislate here dealing with the life of the dog, I want to say that you are touching one of the tenderest chords in my heart, and I believe in the hearts of most people of this State. I would like, Mr. Speaker, to know whether this bill really proposes a double taxation, and if so, it ought to be corrected. I don't think it is a light matter to give somebody the right to go around and kill my dog or a valuable dog owner by any other person.

I would suggest, Mr. Speaker, that the gentleman postpone the bill for the present so that we can look it over.

Mr. KNIGHT. Mr. Speaker, I can give the gentleman the information he asked for. This bill is supplementary to an act that now exists on our statute books covering the state. There may be laws existing in some of the boroughs exacting a double tax, but that is only local, and if the borough wants to exact a second tax from the dog nobody will hinder it. But this does apply to the State in general. This good friend, the dog, is costing the State of Pennsylvania about five hundred thousand dollars, as near as we can estimate it. In the first place the statistics from the different counties of the State show that in the last ten years an average of seventy-two thousand dollars worth of sheep were killed by this dog. That does not represent, gentlemen and Mr. Speaker, the damage that this dog has done to the sheep. It is only about one-third, or we might say three times seventy-two thousand dollars would represent the destruction to the flocks of sheep in this State, or over two hundred thousand dollars. Any one conversant with the fact knows that where a flock of sheep has been entered by a dog that the flock never does any good afterward and the owner may as well dispose of the entire flock and start anew. Anybody who has had any experience will bear me out in that assertion. Last year our Bureau of Health reports eight cases of hydrophobia, or deaths from hydrophobia in this State, and I do not think that all the dogs in the State of Pennsylvania are worth the price of these eight lives.

We will go a step further. The destruction that is caused by these dogs running over yards and lawns and so on where people don't protect their neighbors, and where they refuse to pay the taxes, such dogs should be eliminated and killed and this bill will do it. Any man who has a dog and thinks anything of it at all is willing to pay one dollar license for it, and if he is not, the dog ought to be killed.

Mr. NORTH. Mr. Speaker, and gentlemen of this House, this question of protecting the sheep or protecting the dog is to my mind the question of food stuffs and depends very largely on the meats, and if you wish to continue to pay twenty-five to thirty cents a pound for mutton, kill this bill. If you desire to keep up the food stuffs, kill the dog.

Mr. KNIGHT. Mr. Speaker, in speaking of the hydrophobia, there is one feature on that part that I omitted. In our section of the State in the last year there have been possibly one hundred cases sent to the Pasteur institutes because of being bitten by mad dogs. I don't know what it amounts to in the State, because I could not get the statistics, but there is no doubt that in this State last year there were from two to three to four hundred cases sent to Pasteur institutes because of being bitten by these dogs running at large.

Mr. R. J. BALDWIN. Mr. Speaker, I am just as much in favor of a law properly prepared to give us the tax that my friend Mr. North and any other members of this House want. We have a law in the township in which I live and it is almost as old as the township, and it is a very proper law. But under the provisions of this bill had I a valuable dog with a collar on it and some one took the collor off, someone else can kill my dog. I simply want fair legislation. I am just as much in favor of providing a sufficient revenue by taxing the dog as the gentleman who presented the bill and who advocates it, but I also think that we ought to be careful in framing such laws and not make them so drastic that those who have valuable dogs, that they think as much of as any horse, that some one should not have the right to kill them. That is my only objection to the bill. Therefore, I desire the gentleman to postpone it on that account.

And said bill having been read at length the third time, considered and agreed to.

On the question,

Shall the bill pass finally?

Agreeably to the provisions of the Constitution, the yeas and nays were taken and were as follows, viz:

NAYS—0.

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, That the Clerk present the same to the Senate for concurrence.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 481, entitled:

An act creating a county sinking fund commission in the several counties of the Commonwealth of Pennsylvania and prescribing its powers and duties

On the question,

Will the House agree to the bill on third reading?

Mr. ALLEN. Mr. Speaker, I desire to interrogate the author of this bill.

The SPEAKER. Will the gentleman from York, Mr. Frey, permit himself to be interrogated?

Mr. FREY. I will.

Mr. ALLEN. Mr. Speaker, I would like to inquire of the gentleman what the purpose of the bill is.

Mr. FREY. In answer to the interrogation of the gentleman from Allegheny, I would say that the purpose of this bill is to give to the county commissioners, controllers and treasurer the authority to invest the sinking fund of the counties in their own bonds, or the bonds of the government or such other bonds as are accepted by the state banks. It gives them the authority to invest the money, which represents the difference in the interest on the sinking fund now in the bank, and the interest they may receive in investing in good bonds. It would mean that our county would save about $200,000 a year. It was introduced for that purpose, and I hope the bill will pass.

Mr. ALLEN. I would like to inquire further to what does it extend the powers now given to the commissioners and controllers?

Mr. FREY. In my opinion, the county commissioners and controllers have no power now to invest this money. It simply gives them a legal right to do what some of them have already been doing.

The question recurring,

Will the House agree to the bill on third reading?

It was agreed to.

And said bill having been read at length the third time, considered and agreed to.

On the question,

Shall the bill pass finally?

NAYS—4.

Dallas
Kern

Moses,

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, That the Clerk present the same to the Senate for concurrence.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 482, entitled:

An act authorizing the councils of incorporated boroughs to require the sprinkling of public streets or thoroughfares or parts thereof and assess the cost of the same to the owner or owners or occupiers of the property abutting thereon and providing for the collection of the same

On the question,

Will the House agree to the bill on third reading?

Mr. AILMAN. Mr. Speaker, it seems to me that the language of this bill is somewhat ambiguous. It says it shall require by resolution. Whose is it, the resolution of the commissioners or the citizens or whose? I would like to interrogate the author of the bill.

The SPEAKER. Will the gentleman from Bradford, Mr. Mills, permit himself to be interrogated?

Mr. MILLS. I will.

Mr. AILMAN. It says "require by resolution." The question is whose resolution?

Mr. MILLS. There is so much confusion in the House that I am unable to hear the gentleman from Juniata.

Mr. AILMAN. In line 6 it says "require by resolution." From whom does this resolution eminate.

Mr. MILLS. For the information of the gentleman from Juniata that the measure provides that upon the petition of the majority of property owners on a certain street or thoroughfare to the borough council they shall pass a resolution and that street or thoroughfare will be placed in the sprinkling zone. The resolution is passed by the council. In further explanation any street can be sprinkled if the Board of Councils upon the petition of the majority of the citizens passes a resolution upon such petition. In my community which is just on the State line between New York and Pennsylvania we are desirous of having this bill passed. In the State of New York they have a law similar to this act and it works very satisfactory and the sprinkling is done at about one-half the cost as in the State of Pennsylvania under the same conditions.

Mr. HENRY. Mr. Speaker, it appears from the provisions of this bill that it takes away from the council the perrogatives they have in providing that the streets shall be sprinkled out of the resources of the boroughs provided for by a taxation of the boroughs. Now it occurs to me this might work a hardship upon those less fortunate than most people for the reason that many people live in properties they do not own. Some people renting properties for mercantile or other purposes would be compelled by a petition of the majority of the citizens residing on a certain street to pay for the sprinkling of the street for the benefit of those desiring it. There might be people on this street who are simply asking that the street be sprinkled before their own private property, and they could go and ask the borough council to pass this resolution, and when it has been drafted and passed by the council, then every man who owns a foot of property is compelled by the provisions of this act to help pay for the sprinkling which is the perrogative of the borough council and not of the individual.

Mr. MILLS. In reply to the gentleman I would say that the bill does not take that perrogative from the council. It is only such a petition on the part of the people as a petition to have the streets improved and paved and sewers made or other improvements. The bill provides only upon the petition of a majority of the residents on a street to the borough council. It does not estop the council from sprinkling the street if they so desire, under the existing laws.

The question recurring,

Will the House agree to the bill on third reading?

It was agreed to.

And said bill having been read at length the third time, considered and agreed to.

Shall the bill pass finally?

Mr. SHAFFER. Mr. Speaker, I would like to have this bill explained in reference to first class townships.

Mr. R. J. BALDWIN. Mr. Speaker, I wish to say to the House that this bill applies only to first class townships within the Commonwealth of Pennsylvania. Under the present system, if a community desires to create a borough in a township of the first class they present a petition to the court and the court practically has the control or the say whether a borough can be or shall be carved out of that township. If this bill pass it will be required that a number of petitioners shall ask the court to appoint a jury of view. If that jury recommend in favor of a borough being created or carved out of the township it will then be put up to the people of the district and they will all have a voice in it and if a majority living within a township decide that the borough should be created it is then created and it applies only to that township. Instead of giving the power to the court the people who live in that district will have the power. I would like to see this bill passed.

And said bill having been read at length the third time, considered and agreed to,

On the question,

Shall the bill pass finally?

Agreeably to the provisions of the Constitution, the yeas and nays were taken and were as follows, viz:

On the question,

Will the House agree to the bill on third reading?

Mr. SHANNON. Mr. Speaker.

The SPEAKER. The gentleman from Luzerne, Mr. Shannon.

Mr. SHANNON. Mr. Speaker, I ask unanimous consent from the House to insert an amendment to this bill.

The SPEAKER. The amendment will be read by the Clerk.

The Clerk read the amendment as follows:

Amend section 3, line 6, by striking out the word "with," after the word "county" and inserting the word "within."'

On the question,

Will the House give unanimous consent to insert this amendment?

The SPEAKER. The Chair hears objection. Will the gentleman rise and state his objection.

Mr. FLYNN. Mr. Speaker, I don't object to the insertion of this amendment, but I certainly do object to the passage of this bill.

The SPEAKER. The only question before the House now is does the House object to the insertion of the amendment?

Mr. SHANNON. Mr. Speaker, and gentlemen of the House, the object of this amendment is only the changing of a word—"with" to read "within." It is a clerical error.

Mr. FLYNN. Mr. Speaker, this bill seeks to amend a borough act which requires that a majority of the citizens or property owners living upon a street must first sign a petition before that street can be paved. I have heard no demand for a change in the present law, and I know of no good reason why it should be changed. Therefore I seriously object to the passage of this bill.

Mr. SHANNON. Mr. Speaker and gentlemen of the House, I have no personal interest in this bill other than that it comes from my county. I don't represent any borough. But I understand that if two-thirds of the councilmen will agree to pave the streets they can do so. This bill to my mind is a very fair one, inasmuch that it doesn't require the unanimous consent of all the members of council. This amendment which calls for the consent of two-thirds of the members was inserted by Mr. Mills. I think that he might, rather than myself, defend this measure more effectively because I think it concerns him more than it does me.

Mr. MILLS. Mr. Speaker, and members of the House, his measure is certainly a very good bill and it deserves the support of every member of this House. The proposed bill is to correct an error or rather an omission of the law in relation to boroughs and is the same as now exists in second class cities of the state. In order to make improvements now it is necessary to secure the signatures of two-thirds of the property owners abutting on the street to be improved. In most cases—in fact, in almost all cases this is almost impossible to do, because in every street or borough lives some piker who refuses to sign the petition and thereby stops the borough from making improvements in the community. In my own county the Lehigh Valley Railroad owns enough roperty in some boroughs to stop improvements. This bill provides that the borough councilmen by a two-third vote may require the street to be paved and assess benefits nd damages and costs of improvement against the property wners. This is the same law that now exists in second lass cities. It is the same law that regulates boroughs who can install a sewage system and it is the law that is necessary to make improvements and this bill should be passed by this House to enable boroughs to make improvements. I can speak particularly of the Borough of Sayre in Pennsylvania, a town of 8,000 people without paving. The Lehigh Valley railroad owns a great deal of property and it is impossible to secure the necessary number of signatures in order to pave the streets of the borough because the Lehigh Valley Railroad Company's properties abut on the main streets and improvements cannot be made when they are opposed to them. A bill of this kind will enable improvements and upon getting a sufficient number of votes improvements can be made where they cannot be made now. This is a good bill. It would work beneficially and benefit boroughs which are active and progressive and who have a desire to improve their streets which now they are unable to do under the existing laws. I hope that every member of the House will see his way clear to support this most meritorious measure and thereby enable the boroughs of the State to present as good an appearance as all other second class cities.

Mr. FLYNN. Mr. Speaker, the gentleman from Bradford has made a very good speech, but he has made a mistake on this subject in regard to the fact that in boroughs of this class he did not make clear that the property owners are required to pay two-thirds of the cost of these improvements and therefore they should have a right to say as to whether or not they desire to have their streets paved. I hesitate to believe that the Lehigh Valley Railroad owns two-thirds of the streets of the borough of Sayre and that therefore the streets are not paved. I believe that the people who have to pay two-thirds of the cost of such improvement should have a right to decide whether or not they want their streets paved.

Mr. MILLS. The Lehigh Valley Railroad owns enough property in Sayre abutting on the streets to flag the necessary improvements, and gentlemen who are living in the western part of the State are not familiar with the Lehigh Valley Railroad and therefore, I feel that the gentleman does not know whereof he speaks in regard to this matter.

On the question,

Ordered, That the Clerk present the same to the Senate for concurrence.

RECONSIDERATION OF VOTE ON SENATE BILL NO. 347.

Mr. REYBURN. Mr. Speaker, I move that the vote by which Senate Bill No. 347, entitled:

An act relating to sheriff's sales of land under writs issued out of the Court of Common Pleas making the prothonotary's certificate of acknowledgment endorsed on the deed prima facie evidence of such acknowledgment

was defeated on final passage be reconsidered.

Mr. RONEY. Mr. Speaker, I second the motion.

The motion was agreed to.

On the question,

Shall the bill pass finally?

Mr. RONEY. Mr. Speaker and gentlemen of the House. I understand that the Senator who introduced the obnoxious resolution in the Senate has withdrawn the same, and we can now consider it on its merits, and I think that on its merits the House should pass the bill. We have had our merriment and fun out of this bill and we can now consider it on its merits.

NAYS—0.

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, That the Clerk return the same to the Senate with information that the House has passed the same without amendment.

BILLS ON THIRD READING.

Mr. LEH. Mr. Speaker, I ask the unanimous consent of the House to call up at this time House Bill No. 280, on page 30 of to-day's calendar, bills on third reading postponed for the present.

The SPEAKER. The Chair hears no objection.

Agreeably to order,

The House proceeded to the consideration on third reading of House Bill No. 280, entitled:

An act to repeal section eight of an act entitled "An Act to classify the fish in the waters within this Commonwealth declaring which are game fish which are food fish and which are bait fish and to regulate the catching and sale and encourage the propagation of the same to protect the waters within this Commonwealth from unfair improper wasteful and destructive fishing and to protect fish from being destroyed or injured by destructive means to provide for the appointment of fish wardens and to declare their official powers and duties to encourage and regulate the propagation of fish within this Commonwealth and to regulate the free distribution of the same by the Department of Fisheries in the waters within the same to define powers and duties of the Department of Fisheries to regulate the sale and shipment of fish artificially propagated for profit to forbid the sale of unlawful devices for catching fish and to provide penalties and punishments for the violation of the provisions of this act and providing how and by whom the costs shall be paid" approved May first one thousand nine hundred and nine

On the question,

Will the House agree to the bill on third reading?

Mr. MARVIN. I ask unanimous consent to offer an amendment to this bill.

The SPEAKER. The amendment will be read by the Clerk.

The amendments were read as follows:

After the word "repealed" in line 96, add "to the effect only that such repealer shall effect streams wholly within the jurisdiction of the Commonwealth of Pennsylvania, and shall not apply to the river Delaware, to which river the right to use eel baskets shall be and remain in full force and effect."

Amend the title by adding at the end of the page after the word "nine" the following "to the extent only that such repealer shall affect streams wholly within the jurisdiction of the Commonwealth of Pennsylvania ,and shall not apply to the river Delaware above the Trenton Falls.

The SPEAKER. Will the House give unanimous consent to insert the amendments? The Chair hears objections.

Mr. MARVIN. I have proposed this amendment so that it would take away from the repealing clause the control of the Delaware River. The gentleman from Lehigh is not interested in that part of the State, and I think that in fairness to me and the people of my district along the Delaware river, that this amendment should be inserted, or the bill defeated.

Mr. AILMAN. I hope that this bill will not pass. If there is any reason that it should pass, I wish the sponsor of the bill would give us the reasons. The legislation on the fish question is a good deal like straining out the nap to spare the camel. If the fish department would take up the matter and present it to the legislature, we might have some legislation that would be of benefit to us. You permit solid walls to be built across the streams, and I am sorry that we do not have any law to prevent the pollution of the streams, by the mines and the acid works. Some of the streams are so polluted that the fish cannot live in them. Some of you who came along the Susquehanna this week, if you looked at it, you could see that it was black with the pollution that comes from the mines and factories, and you didn't see anyone fishing along it, because there are no fish there. There are streams that are not yet contaminated. But you allow a solid wall to be built across it, and the fish cannot get past the dam. You propose to repeal this law now. I think, Mr. Speaker, that in the matter of the fish, it is high time to let nature take its course, and if that were the case, there would be no reason for a reconstruction of our fish laws. I know that my friend who has this bill in charge is going to follow me with an elaborate argument, but I don't think it will avail him very much.

Mr. ROCKWELL. Mr. Speaker, and gentlemen of the House, just a word or two in explanation of this bill, and the provisions of it. In section eight of the general fish law of 1909 it allows what is known as fish baskets, or eel baskets, to be placed in the waters of this commonwealth for the purpose of taking eels only. Now it has been the experience of the fish department, in the protection of the streams, that these fish baskets not only take out the eels, but also the game fish. I have seen the records of some of these baskets. There were over 27,000 eels taken from one eel basket, and it took eight or nine of these eels to weigh a pound. Some of them weighed down as low as three or four ounces. Mr. Criswell, one of the heads of the fishery department, told me that he had seen some of the eels, and that it would take eleven of them to make a pound, and they measured 10 or 11 inches. That is the experience of the fishery department, and in their opinion this bill ought to be repealed. The argument of the gentleman from Juniata relative to the dams in the streams, has nothing to do with this case. The eels go down the stream to deep water in the fall, and some back in the spring. There is no need to explain anything more about this law, and I think that the eel law should be repealed.

Mr. MILLS. There is good reason why this bill should pass. These eel racks or baskets in the streams take out not only the eels, but also the game fish, and you well know that any game fish that gets into these baskets does not get back into the stream. Most of you know enough about fishing to know that. These eel racks are an obstruction in the streams and an inconvenience to the people using the streams, and I sincerely hope that this House will give its support to this bill.

Mr. MARVIN. I feel that I just say a word in relation to this bill. I have listened to the remarks made here with a good deal of interest? I have fished along the Delaware River ever since I wore short breeches. This bill is now introduced by the gentleman from Lehigh for the Department of Fisheries. Four years ago I introduced the original eel rack law, which is now proposed to be repealed. The eel rack is set in the stream in stone or rock, but the river is not obstructed. They are so constructed with slats about one-half or three-quarters of an inch apart, so the small eels can go through them. In my county we used to be able to catch quite a lot of fish, but the eels have driven most of them away. I offered this amendment in good faith, and nothwithstanding the ruling of the Chair I believe my amendment was legal and still believe so, and think this amendment ought to be inserted. Right across the river in the State of New York they allow fishing with an eel rack, and if this bill is passed, we cannot use them on this side of the river, and to anyone interested in fishing, that certainly would be aggravating. This is not fair. These fish were given to us to eat. You allow a solid wall to be built, and when these fish go down in the fall, they don't come back in the spring. This bill would take away the protection to the game fish, and I believe that the bill in its present shape should be defeated.

Mr. AILMAN. I am pretty well acquainted with the present fish laws. We have many laws that are of no protection either to the fish or to the public. If the meshes or slats in these racks are not far enough apart, why not amend the law and compel them to be placed far enough apart that the little fellows might slip through, and made comply with a law not to obstruct the streams. I do not think we need this repealer.

Mr. DONNALLY. I would like to interrogate the sponsor of this bill.

The SPEAKER. Will the gentleman from Tioga, Mr. Rockwell, permit himself to be interrogated?

Mr. ROCKWELL. Yes, sir.

Mr. DONNALLY. Does this prohibit spearing fish or gigging?

Mr. ROCKWELL. This act is simply an act repealing section eight which allows the use of eel racks or eel baskets in streams.

Mr. DONNALLY. Is it true that the fish go down the stream in the fall and come back in the spring?

Mr. ROCKWELL. That seems to be a question. Some claim they do and some claim they don't.

The question recurring ,

Will the House agree to the bill on third reading?

It was agreed to.

And said bill having been read at length the third time, considered and agreed to.

Shall the bill pass finally?

Ir. SCHOFIELD. Mr. Speaker, the gentleman from ladelphia, Mr. Hecht, asked me to simply explain the pro-ions of this bill in his absence. He does not desire it tponed. It is a very meritorious measure. It simply vides to tax land along railroads which has heretofore been taxable. This refers to land that is not used for particular business of the railroads, and has not been ed, but that is land that should be taxed. Railroads may e an acre or a half an acre of land which is not used anything in connection with the railroad or anything onnection with the necessary operation of the railroad heretofore it has escaped taxation. This bill simply vides that it should be taxed the same as other real te.

The House proceeded to the third reading and consideration of House Bill No. 606, entitled:

An act authorizing and empowering the Department of Forestry to grant rights of way through State lands

On the question.

Will the House agree to the bill on third reading?

Mr. KNIGHT. Mr. Speaker.

The SPEAKER. The gentleman from Clarion, Mr. Knight.

Mr. KNIGHT. Mr. Speaker, there are members who are interested in this bill who are not present. I would suggest that further consideration of this bill be postponed for the present.

Mr. KELSEY. Mr. Speaker, there are only two or three counties in the State which are affected by this bill at all and I don't think it interferes with this gentleman. It is supposed that where there is land that is entirely surrounded by other lands that there would be a way of getting in or have access to it. There is valuable land tied up in that way, and the object is to make it accessible.

Mr. KNIGHT. Mr. Speaker, I would like to interrogate the gentleman.

The SPEAKER. Will the gentleman from Clinton, Mr. Kelsey, permit himself to be interrogated?

Mr. KELSEY. Yes, sir.

Mr. KNIGHT. Do I understand you to say that this bill covers nothing but the right of way?

Mr. SHERN. Mr. Speaker, I would like to interrogate the author of this bill.

The SPEAKER. Will the gentleman from Warren, Mr. Schofield, permit himself to be interrogated?

Mr. SCHOFIELD. I will.

Mr. SHERN. I would like to have an explanation of this bill.

Mr. SCHOFIELD. The bill simply provides for a test for burning oil to protect the public and to meet with the conditions that now exist, because the Supreme Court recently declared the bill which created oil inspectors unconstitutional.

Mr. SHERN. Is there any provision in your act that prohibits oil inspectors?

Mr. SCHOFIELD. It simply provides for the test.

RESOLUTION OF PHILADELPHIA CHAMBER OF COMMERCE DISAPPROVING OF PROPOSED AMENDMENT TO CONSTITUTION OF THE UNITED STATES TO LAY AND COLLECT TAX ON INCOMES.

The Chair cleared his table and laid before the Senate communication filed with the Lieutenant Governor during the interim which was read as follows and referred to the Committee on Judiciary General.

Philadelphia Chamber of Commerce,
211 Bourse Building
The Trades League of Philadelphia
Incorporated 1894
Philadelphia Chamber of Commerce
Incorporated 1909
April 27, 1911.

Hon. John Reynolds, President Senate of the State of Pennsylvania, Harrisburg, Pa.:

Sir:—At the last meeting of the Board of Directors, the Committee on Legislation of this organization was instructed to oppose the ratification of the proposed amendment to the Constitution of the United States, permitting Congress to collect an income tax, and the following resolution is accordingly submitted:

Whereas, A proposed amendment to the Constitution of the United States, providing that Congress shall have power to lay and collect taxes on income from whatever source derived, without apportionment among the several States, and without regard to any census or enumeration, has been submitted to the Legislature of the various States for ratification; and

Whereas, It is the opinion of the Philadelphia Chamber of Commerce that owing to the difficulty of collecting an income tax, such tax operates to produce gross inequality; therefore be it

Resolved, That the Philadelphia Chamber of Commerce records its disapproval of the proposed amendment to the Constitution and urges the members of the Legislature to oppose its ratification by this State.

Respectfully yours,
N. B. KELLY,
Secretary.

Hon. John M. Reynolds, Lieutenant Governor,
Harrisburg, Pa.

Dear Sir:—Agreeably to instructions of the Soldiers' Civic League, find enclosed herewith resolution approving of the provisions of the Alter jury bill, now pending in the Legislature for action. You are informed that this resolution after full discussion, was passed by a vote of 155 ayes to 3 noes. This is believed to represent the feeling of this community for a change in the jury laws and the passage of the Alter bill.

By Order of Soldiers' Civic League.
CHARLES F. McKENNA,
Colonel.

Attest:
Oscar T. Taylor,
Adjutant.

Soldiers' Civic League of Allegheny County
Pittsburg, Pa., 1911.

At a meeting of the Soldiers' Civic League of Allegheny County, held at Memorial Hall, Pittsburg, Thursday evening, April 13, 1911, the following resolution was unanimously adopted and copies thereof were directed to be sent to the members of the Allegheny County delegation in the Senate and House of Representatives, and to the Governor of the Commonwealth of Pennsylvania:

Whereas, The present jury system in force in Allegheny County for thirty years past in its provisions recognizes political parties and minority representation in the election of jury commissioners, and, contrary to the intention and spirit of the law when first enacted, has introduced partisan politics into the jury commissioners as a direct asset annexed to political parties; and,

Whereas, Such combination of politics with the jury system has proved very detrimental and injurious to the administration of justice, and has led to many abuses and complaints about the qualities of jurors so resulting under said political combinations:

Therefore, Be it resolved, That the Soldiers' Civic League of Allegheny County, composed of Veterans of the Civil War, Philippine Veterans and Sons of Veterans, of Allegheny County, pledged under the rules and obligations of said League to promote honesty and purity in politics, does hereby protest against the abuses and evils of the present jury system, which has proved so obstructive to the administration of justice and pure government, and unqualifiedly desires the repeal of said existing jury commissioners law.

Resolved, That we also most cordially approve and endorse the careful and wise provisions of the pending bill introduced by Representative Alter, and which was unanimously endorsed by the Bar Association of Allegheny County after full report of its committees on the improved and superior laws for the drawing of jurors in the Eastern States of the Union, and which laws have so far provided ample safeguards and protection to the courts and to the people in the administration of justice.

Resolved, That we urge all Senators and members in the Legislature to use every honorable means to secure the passage of the said bill.

By Order of Soldiers' Civic League,
CHARLES F. McKENNA,
Colonel.

And said bill having been read at length the third time, and agreed to,

And the amendments made thereto having been printed as required by the Constitution,

On the question,

Shall the bill pass finally?

Mr. HERBST. Mr. President, this, of course, is the famous judges' increase of salary bill. Eight years ago, if I remember rightly, we increased the judges' salaries by fifty per cent. throughout the State. This increase would carry along with it, as far as I can find out, in the yearly salary, will amount to about $300,000. At that time we found the most disgraceful spectacle in the State of Pennsylvania, I think, that we ever found as far as our judiciary of the State is concerned. We all remember that after that bill was passed increasing their salaries then the great crux of the question was, whether our judges were constitutional officers of the State of Pennsylvania and could their salaries be increased or diminished during the term of office, and we all remember that up in the center of the State they found that they were not constitutional officers and that they in their greed, of course, could get what they wanted from the State and that this legislative body had the right to increase their salaries at will and, of course, diminish them at will, if they wanted to. Now, in my estimation, there is no demand for this bill except from the paid attorneys and judges in this legislative body. I do not mean to say that they are paid directly, but, of course, every lawyer is the creature of the court, as we well know, and indirectly curry favor with the judges. I am not afraid to express my opinion upon this subject. I do not believe that out of the great mass of people of the State of Pennsylvania there is one per cent. of the people of Pennsylvania demanding an increase of salary for their judges, nor do they demand an increase of salaries for their other public officials. There is another increase of salary bill right back of this, the next one on the calendar, and I wish to state to this Senate that some people are riding for a fall, if I diagnose the case correctly in this great State of Pennsylvania. Why should judges' salaries be increased? Whenever there is a chance given to the bar of any district there are always the best attorneys at that bar ready and willing to take judicial office. I am sincerely opposed to this bill. I think it would again put that disgraceful spectacle before the people of the State of Pennsylvania and the judges simply rushing around amongst themselves trying to get a judge to say that they are entitled to this increase in their salaries. I know that there is a majority for it in the Senate of Pennsylvania, but I wish to protest on behalf of the people of Pennsylvania against this increase of salary.

Mr. FOX. Mr. President, provision is made in this bill for an increase as to the salaries of the judges of Dauphin county. For the information of the Senate, for the justification of that increase, I had a brief statement of facts, the whole of which I shall not read, but I shall file it so that it may be published in the Journal. I may summarize, however, by saying that in 1904 the court of Dauphin county tried for the Commonwealth of Pennsylvania 391 civil cases, in 1905 this court tried 419; in 1906, 544; in 1907, 452; in 1908, 503; in 1909, 891, and in 1910, 501. many of these cases involved many orders and decisions, one case alone involving over four hundred opinions.

BRIEF STATEMENT OF FACTS IN REGARD TO THE SUITS BROUGHT BY THE COMMONWEALTH AND DISPOSED OF IN THE COURTS OF DAUPHIN COUNTY.

The estates of some of these corporations are quite large The bond in the Iron City Trust Company case is for five hundred thousand dollars The bond in the New Castle Savings and Trust Company proceeding was originally one million dollars and has since been reduced to three hundred thousand dollars The bond in the Lincoln Savings and Trust Company case is for three hundred thousand dollars The bond in case of Commonwealth versus Traders and Mechanics Bank of Pittsburgh twenty-three Commonwealth Docket one thousand nine hundred and eight is for four hundred thousand dollars The bond in case of Commonwealth versus Treasury Trust Company of Pittsburgh twenty-four Commonwealth Docket one thousand nine hundred and eight is for fifty thousand dollars The bond in case of Commonwealth versus Coal Centre Bank six Commonwealth Docket one thousand nine hundred and nine is for fifty thousand dollars

Bond in case of Commonwealth versus Lawrence Building and Loan Association of Pittsburg seventy-three Commonwealth Docket one thousand nine hundred and ten isfor one hundred and fifty one thousand nine hundred and ten is for one hundred and fifty

Bonds in numerous other cases might be referred to running from three to ten and fifteen thousand dollars

The property of these corporations which have been dissolved consists of real and personal estate and in some instances portions of the real estate are situate in other States

The labor involved in the settlement of these corporate trusts is very large and the receiver as a rule applied to the court for the approval of nearly every step which they take before it is done This requires constant attention on the part of the court and occupies a large amount of time In addition the court hears election cases involving nomination for office use of party name et cetera

In one thousand nine hundred and five there were four election cases In one thousand nine hundred and six there were ten election cases In one thousand nine hundred and seven there were forty-five election cases

In one thousand nine hundred and nine there was one election case In one thousand nine hundred and ten there were thirty-four election cases

These election cases occupy much time and under the law the court is obliged to give them precedence over all other business so that judgment may be entered in time for the printing of the ballots for use at the primary and general elections

For the purpose of showing the number of orders which the court is required to make in proceedings for the dissolution of corporations we call attention to the docket entries in case of Commonwealth versus United Surety Company Number twenty-six Commonwealth Docket one thousand nine hundred and four as follows

Similar applications are made considered and passed upon in all the numerous cases of like character The responsibility is great and the work requires much time and labor as will be seen by the foregoing case The average number of cases in the last seven years has been about five hundred and twenty-eight each year Many of them are of very great importance For the services which the judges of the Twelfth Judicial District are required to render in these cases they are allowed but fifteen hundred dollars a year each This amount was allowed many years ago at a time when the business of the Commonwealth was very much less in its volume and importance that it has been in the last seven years and now is New departments have been added to the State Governemnt and this has greatly increased litigation in the courts and has added largely to the burdens of the Attorney General's office It has made necessary the appointment of two Assistant Deputies and a number of additional clerks The salary of the first class clerks in the Attorney General's Department is larger than that allowed to the judges of the Twelfth Judicial District for the important work which devolves upon them It is suggested that this condition ought not longer to continue The work will increase rather than diminish The operations of the Health Department the Department of Agriculture Insurance Department the Banking Department Factory Inspector's Department the Railroad Commission and the Public Utilities Commission if created will all add to the volume of business in the court It is suggested that each judge should be allowed five thousand dollars per annum for the performance of this most important and increasing work

And the question recurring,

Shall the bill pass finally?

Mr. SHREVE. Mr. Speaker, I desire to call up Concurrent Resolution No. 16.

The SPEAKER. The resolution will be read by the Clerk.

The resolution was read by the Clerk as follows:

RELATIVE TO APPOINTMENT OF COMMISSION TO EXAMINE AND REPORT UPON THE "ERIE PURCHASE."

Whereas, on March third, one thousand seven hundred and ninety-two, the United States sold to the State of Pennsylvania a triangular piece of land, bounded on the north by Lake Erie, containing 202,187 acres of land and known as the "Triangle" or "Erie Purchase" which land now constitutes a part of Erie county, Pennsylvania.

Whereas, the State of Pennsylvania, by subsequent acts of Assembly, disposed of the major part of said lands, but there remains, in the city of Erie and in the county of Erie, adjacent to said city, several pieces or tracts of land fronting upon Lake Erie, also in the Harbor of Erie, which have not been sold.

That the said tracts or pieces of land are of considerable value and the title and ownership of the same is in the tSate of Pennsylvania.

Resolved (if the Senate concur), That the Governor be and hereby is authorized to appoint a commission of three members, composed of citizens of Pennsylvania, one of whom shall be a civil engineer, to examine into and ascertain the several pieces or tracts of land owned by or to which the State of Pennsylvania has title, lying and being within the county of Erie, or the city of Erie, or the Harbor of Erie, or adjacent to said city of Erie and fronting upon the Harbor of Erie, or Lake Erie, or both, and make a description of said tracts or pieces of land, together with plots of the same, and make report to the Governor of Pennsylvania prior to the session of one thousand nine hundred and thirteen, with such recommendations as the commission see fit to make in the interests of the Commonwealth. The commissioners thus appointed will serve without compensation.

On the question,

Will the House agree to the resolution?

Mr. SHREVE. Mr. Speaker and gentlemen of the House, this resolution is important to the Commonwealth of Pennsylvania, and also important to the city and county of Erie. This land, as described in the resolution, was acquired in 1792. There is a large portion of this land still remaining in the Commonwealth. The land is now being occupied by squatters, if you please, and recently a large company in the city of Erie bought lots and erected a building on what the people supposed to be their own land, but it turned out that they built their building on land belonging to the State. Mechanics' liens were filed and have just been stricken off for the reason that the title to this property is in the State of Pennsylvania.

Now, there is a large amount of valuable land. Years ago it was the idea of the people of the city of Erie that this land belonged to the city, and many of the older members—the gentleman from Philadelphia, Mr. Clarency, for instance—will recall that many years ago there was an effort made to turn this property over to the city. However, the younger generation are inclined to think the Legislature acted wisely at that time and continued to hold the property. This has now become very valuable, and it is absolutely necessary in order to define the boundaries, in order to determine where the property is located, in order to protect the interest of the citizens of Erie and citizens of the Commonwealth, that some action should be taken in the matter.

Now, this commission, if appointed, will serve without pay and it will become their duty to examine into and ascertain the several pieces or tracts of land to which the State of Pennsylvania has title; also, to make a description of such tracts or pieces of land, and also make such recommendations as the commission may see fit.

Now, gentlemen, I trust this resolution may pass.

The resolution was agreed to.

Mr. WALLACE. Mr. Speaker, I desire to call up the motion made by me some two weeks ago regarding the Civil Service Bill.

The SPEAKER. The motion will be read by the Clerk.

The motion was read by the Clerk as follows:

RELATIVE TO DISCHARGING COMMITTEE ON MUNICIPAL CORPORATIONS FROM FURTHER CONSIDERATION OF BILL.

Mr. WALLACE. Mr. Speaker, I attended the last meeting of the Committee on Municipal Corporations and action was postponed indefinitely on this bill, and I would ask that my motion be now considered.

The SPEAKER. With the consent of the House this matter will be held over as unfinished business, and if the bill is not promptly reported from the committee at tomorrow morning's session the Chair will entertain the motion of the gentleman from Lawrence then.

Section 5 That all fines and penalties imposed and recovered for the violation of any of the provisions of this act shall be paid to the Dairy and Food Commissioner or his agent and when so collected and paid shall thereafter be by the Dairy and Food Commissioner paid into the State Treasury for the use of the Commonwealth

On the question ,

Will the House agree to the bill on final passage?

Mr. R. J. BALDWIN. Mr. Speaker, I would like to inquire whether the author of this bill would not be willing to postpone it for the present. There are some features in it very objectionable to me.

Mr. KNIGHT. Mr. Speaker, we have had two or three weeks to find these objectionable features. This bill has already been amended to meet the objections of a good many members of the House, and the features that were objectionable have been eliminated. I don't feel that it is necessary for this bill to be postponed for further consideration. It should be acted upon now.

Mr. R. J. BALDWIN. Mr. Speaker, I want to call the attention of the House to the provisions of this bill. It provides a severe penalty for persons who get packages, boxes that may come with bread in them, or boxes with cakes in them, packages of various kinds. If the merchant who receives that package fails to return it within twenty-four hours he is liable to a penalty not exceeding fifty dollars. Now I would be willing to concede that as being very drastic legislation, and would not object to it seriously. But in addition to that you will notice that this bill says the Dairy and Food Commissioner shall be charged with the enforcement of the provisions of this act. Now what in substance does hat mean. It means that the Dairy and Food Commisioner of the State of Pennsylvania is charged with the going round and performing the police duty of finding out whether he empties have all been returned to the owners within wenty-four hours. If you think it wise to take the Dairy nd Food Department of this State and convert it into a olice force—and to enforce that bill would require at least ne thousand additional members to the force—if this is wise legislation then I think the bill ought to pass; but I do ot think it is.

Mr. KNIGHT. Mr. Speaker, and gentlemen of the House. think those very remarks on this bill will seem absurd to ou. In the first place he is trying to draw in all the ackages that were ever created. The principle empties conidered in this bill are empty milk cans and ice cream cans, nd if any of you have had experience with ice cream packages and milk cans that set around for one or two days without being washed or cleaned, you know what that means. This bill provides for sanitation, and so far as the employment of one thousand men to enforce it is concerned, the remarks are absurd. The Dairy and Food Commissioner at the present time has men traveling all over the State, and their attention will be called to violations of this act by the people owning the retainers, and it is not going to be a duty to hunt out this work, but it will be reported to them the same as other things along the same lines are reported. I don't think that this will create one extra office, and it is not necessary. I hope, gentlemen, for the protection of the people that are shipping milk and cream and ice cream that you will give this bill your support. The loss throughout the State annually amounts to a large sum. There is no way of estimating it, but those of you who have seen cans set around for weeks and rust out, you know the necessity for a measure of this kind.

Mr. R. J. BALDWIN. Mr. Speaker, I want to again insist that if any of the members will read section four of this bill that it does distinctly make it the duty of the Dairy and Food Commissioner of this State to go around and gather up the personal property of various people who are shipping out their products in cases which when empty are to be returned. This is just what the bill does and nothing else.

Mr. KNIGHT. Mr. Speaker and gentlemen of the House, it seems that everybody else can get protection but the people who need it, and they are the dairy interests. If it does cost something to protect us fellows, it is not going to cost what we are losing annually, and I think we are entitled to protection if anybody is.

Section 1 Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met and it is hereby enacted by the authority of the same That from and after the passage of this act the annual salary of each member of the board of county commissioners in the several counties of this Commonwealth shall be as follows

Section 2 All general and special acts or parts of acts thereof inconsistent herewith be and the same are hereby repealed

On the question,

Will the House agree to the bill on final passage?

Mr. ROBINSON. Mr. Speaker, before this bill is voted on I would ask the author of the bill what material changes it makes. I understand that the effect of this bill is to reduce the salaries of the Commissioners of Delaware County; that is, of commissioners in counties over one hundred thousand. If that is the effect of it we will be opposed to it. I desire to interrogate the gentleman who is the sponsor of the bill as to this.

The SPEAKER. Will the gentleman from Lackawanna, Mr. Ehrhardt, permit himself to be interrogated?

Mr. EHRHARDT. Mr. Speaker, when I introduced this bill it was at the request of some of the smaller counties. I think the gentlemen from Pike, Fulton, Forest and Susquehanna counties can explain the bill to the satisfaction of the gentleman from Delaware, and I believe he mis-apprehends the meaning of it.

Mr. E. E. JONES. Mr. Speaker, this bill affects but three or four counties. I think that in my own county the loss in population of about fifty reduced the salary of the commissioners from one thousand dollars down to seven hundred dollars. By changing the population of that class we merely put back the salaries of our county commissioners to what they were previous to the census. The only other change in the bill is I think it increases the salaries in Delaware County by three hundred dollars, Delaware and Northampton counties, that is all the change made in the bill.

BILL ON THIRD READING.

Mr. CURRY. Mr. Speaker, I desire to call up at this time House Bill No. 434, file folio 2427, on page 48 of to-night's calendar, bills on third reading postponed for the present.

Agreeably to order,

The House resumed the third reading and consideration of House Bill No. 434, entitled:

An act to fix the salary of the coroner of any county of this Commonwealth having a population of one million or over

On the question,

Will the House agree to the bill on third reading?

Mr. S. B. SCOTT. Mr. Speaker, the proper title of this bill ought to be "a bill to place a totally unnecessary expense upon the city of Philadelphia." For a very long time we have been getting along with a five thousand dollar coroner. As far as I know we can get along in the future with equally as good a coroner as we have had in the past for the same salary. I have been having a pretty fair idea that we can get the same coroner as we have had in the past. I desire to know from the gentleman who has introduced this bill why the salary of the coroner should be raised from five thousand dollars to eight thousand dollars. If he gives any reasons I shall try to show you they are inadequate. If he fails to give any reason, the bill ought to fall.

Mr. CURRY. Mr. Speaker, the office of coroner of the city and county of Philadelphia is the same as the coroner in the other counties of this State. It has been created and in existence from time immemorial. The coroner of Philadelphia at the present receives a salary of five thousand dollars. The coroner of Allegheny County with a population of over five hundred thousand less, receives a salary of eight thousand dollars. There is no other city or county elective office in Philadelphia that does not pay a salary of from eight to fifteen thousand dollars. The office of coroner in Philadelphia during the past year has handled over six thousand cases, four thousand of which were cases on which t was necessary to hold an inquest, and the business during he past year alone has increased forty-seven per cent. The salary has not been increased since the office was created, and being the only elective office that does not pay a salary of five thousand dollars, I think it is nothing but just and right that office should be placed on the same basis and footing as the same office in other counties.

Mr. S. B. SCOTT. Mr. Speaker, the only reasons advanced are those of comparison, viz., that other coroners get as much or more, and that other officers in the county get more, and neither of these comparisons have anything to do with the case whatsoever. It may very well be that there are some reasons unknown to us why the coroner of Allegheny is paid more than the services of that office are worth. t is true that the office of coroner does not have the importance that it had in ancient times. One by one the functions of the coroner have been dropped off until now he is little more than an investigator upon suspicious or sudden deaths, and acts in a few cases as substitute for the sheriff when hat officer is unable to serve. Now, there is only one posible way to estimate what a public salary should be, viz, he amount which the same grade of services would command in other walks of life. Now, that is a principle which an be applied to all the various salary problems we have had before us this session. It is because I think and did hink with a great number of people that the judges of the Court of Common Pleas should be paid a higher rate than he ordinary practitioner at the bar, and this is what we re paying for, that I voted in favor of an increase to the udges. It is because I feel the same way that I propose to vote for an increase to the members of the House. But the xperience of Philadelphia County has been that for five housand dollars it can command adequate services as coroner, and to give the office more because some other offices have more it would be entirely unjustifiable to take from he taxpayers of Philadelphia three thousand dollars every ear.

Mr. RONEY. Mr. Speaker, I desire to interrogate the entleman from Philadelphia, Mr. S. B. Scott.

The SPEAKER. Will the gentleman from Philadelphia, Mr. S. B. Scott, allow himself to be interrogated?

Mr. S. B. SCOTT. Certainly, Mr. Speaker.

Mr. RONEY. Mr. Speaker, I desire to know whether the entleman's opposition to the present bill is due to his antipathy or dislike for the office, an idea which is a needless ne, or because the salary is sufficient for the present inumbent of that office.

Mr. S. B. SCOTT. Mr. Speaker, my opposition has nothing whatever to do with the personality of the present incument. It is entirely an outside question.

Mr. RONEY. Mr. Speaker, I mean the office. I do not wish to insinuate there is any personal feeling toward the resent coroner.

Mr. S. B. SCOTT. Mr. Speaker, I am influenced by both onsiderations. That is to say, I think the functions of the oroner could much better be exercised by a department of nvestigation connected with the district attorney's office, nd that a physician should occupy the present duties of he coroner. For that reason I think it would be a vast mistake to begin to increase the salary of an office diminishng in importance.

In the second place I also believe that five thousand dolrs is ample for the present work and to secure adequate ervices.

Mr. RONEY. Mr. Speaker, I desire to further interrogate he gentleman. I desire to know whether he would desire physician to be in charge of the sub-department of the istrict attorney's office to investigate some six thousand udden deaths in Philadelphia, for instance?

Mr. S. B. SCOTT. I merely state I think a physician could etter exercise the office of coroner than the cumbersome achinery of a coroner's jury.

Mr. RONEY. Mr. Speaker, I desire to ask whether the resent coroner of Philadelphia has not three physicians tached to his office.

Mr. S. B. SCOTT. Mr. Speaker, I am not familiar with e number. I have no doubt he needs medical assistance he were himself a physician——

Mr. RONEY. Mr. Speaker, does the gentleman think that one physician could examine into six thousand sudden deaths in a year?

Mr. S. B. SCOTT. I have not said so, Mr. Speaker. I said probably—my point being that he would require one less if he were himself a physician.

Mr. RONEY. Mr. Speaker, and gentlemen of the House, unquestionably the coroner's office is a very important one. It is provided for by the constitution, and whilst there have been a number of people who have said that the coroner's office should be attached to the district attorney's office, I think that is overlooking the fact that there are many matters to be inquired into before the district attorney can be called upon to act. The coroner conducts the investigation which is not a police investigation, but to ascertain just what caused the death. Now I take it that the coroner holding six thousand inquests a year has a very busy office, and he is the lowest paid county officer in Philadelphia, and I think that eight thousand dollars is merely fair compensation for the work which he is doing, and I trust this House will pass this bill.

Mr. ABBOTT. Mr. Speaker, and gentlemen of the House, I rose to oppose this bill not because I am opposed to the present coroner of Philadelphia, and not because I do not appreciate the work which the coroner does, but I rise, and I ask you men of this House to vote down this bill for the reason that the coroner's office to-day not only in Philadelphia, but throughout this country and throughout the world, has become of so little importance that it should be legislated out of existence, and I will explain why. There are but two functions that the coroner's office in Philadelphia performs to-day. The one is acting upon criminal cases. Those cases are first taken to a magistrate and there they should be held and the man either held for the grand jury or the case dismissed, and dispense absolutely with the farce which we now see in the coroner's office in the coroner's jury, which if any of you men have been there know how it is constituted.

In answer to the gentleman from Philadelphia with regard to the other sudden deaths, I would say that nearly all of the large Western cities and many in the East have now done away with the coroner's office for sudden deaths, and they investigate those sudden deaths through district physicians. It does not give publicity excepting in cases where it is necessary and these cases are then reported to the magistrates, and then they act upon the sudden deaths in a medical and sane fashion, not being before a jury which simply takes a few words dictated to them by a man sitting as coroner, and who under the law has absolutely no right to dictate to them what their verdict shall be. Now, what are you asking for in this bill. You are going to raise the salary of the office from five to eight thousand dollars. That simply means that the time has come when we ought to get rid of the office. I ask you to keep the salary where it is so that when the constitutional amendments comes along we would not have to legislate so much out of existence. This is absolutely an unnecessary and expensive office in the large cities of the State.

Mr. RONEY. Mr. Speaker, I desire to interrogate the gentleman from Philadelphia, Mr. Abbott. In case the coroner's office in Philadelphia was dispensed with how would the sudden deaths be investigated?

Mr. ABBOTT. Mr. Speaker, by district physicians.

Mr. RONEY. What salary would be paid to these physicians?

Mr. ABBOTT. They would be paid according to the district physicians' work. They would be measured by the extra work they have to do.

Mr. RONEY. Does the gentleman mean to say to the gentlemen of this House that the physician would go and make an examination for the fee of two dollars, which is now paid?

Mr. ABBOTT. I mean to say he would perform the work he is asked to do and the fee would be proper for the services rendered.

Mr. RONEY. I would like to know whether a district physician would go and hold an examinaion for a fee of two dollars?

Mr. ABBOTT. I do not know what the present coroner's physician receives, but it is known that in many cases he receives a great deal more than his services are worth.

Mr. RONEY. Mr. Speaker, I further desire to ask the gentleman how many district physicians he knows of, in the city of Philadelpha.

Mr. ABBOTT. Mr. Speaker, I am not well posted, but I beleve there is one to every police station.

Mr. RONEY. How many are there of those?

Mr. ABBOTT. Upwards of thirty or forty.

Mr. RONEY. About forty-two, are there not?

Mr. ABBOTT. Somewhere around forty.

Shall the bill pass finally?

Less than the majority required by the Constitution having voted in the affirmative, the question was determined in the negative and the bill falls.

Agreeably to order,

The House proceeded to the consideration on final passage of House Bill No. 512, as follows:

An act regulating the compensation of tax collectors in the several boroughs and townships of this Commonwealth

Section 1 Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met and it is hereby enacted by the authority of the same That hereafter the tax collectors of the several boroughs and townships of this Commonwealth shall be entitled to and may retain for their own compensation four per centum of all moneys collected by them as taxes where the combined duplicates do not exceed the said sum of forty thousand dollars Where the combined duplicates exceed the said sum of forty thousand dollars the said collectors shall be allowed a commission of two per centum on all taxes paid to him on which an abatement of five per centum is allowed and five per centum on taxes afterwards collected

Section 2 All acts or parts of acts inconsistent with this act be and the same are hereby repealed

On the question,

Shall the bill pass finally?

Mr. HOLLAND. Mr. Speaker, I would like to vote for this bill, but I would like to have some explanation of it before so doing. At the close of section one it says: "Where the combined duplicates exceed the said sum of forty thousand dollars the said collectors shall be allowed a commission of two per centum on all taxes paid to him on which an abatement of five per centum is allowed and five per centum on taxes afterwards collected."

Now, Mr. Speaker, and gentlemen of the House, there is a penalty of five per centum upon road taxes and school taxes in the townships, and in the past the collector got the five per centum. Now are we to understand by this bill that he is to receive five per cent. in addition to the penalty, or is he not to get the penalty. I would like the sponsor of this bill to give us some information on this subject.

Mr. CUMBLER. Mr. Speaker and gentlemen of the House, that penalty goes to the county, as I understand it. That is the way I always understood it, that the five per centum goes to the county.

Mr. HOLLAND. The five per centum on school taxes and on road taxes has always gone, in the township in which I live, to the tax collector, as his fee for collecting the taxes that have become delinquent. In the county there is a ten per centum added, and that ten per centum goes to the tax collector as his fee. I take it, Mr. Speaker, and gentlemen of the House, that this bill is misleading.

Mr. CUMBLER. I might say that that may be the regulation in the district from which the gentleman comes, but it is not the regulation in all districts. The penalty certainly goes back to the township or school board. That may not be the law in his district, but it is in my district.

The question recurring,

Shall the bill pass finally?

On the question,

Shall the bill pass finally?

Mr. WALNUT. Mr. Speaker and gentlemen of the House, this is an act regulating the employment of children in mines, an amendment to the act of 1909. In 1903 an act was passed by this Legislature providing that children under the age of sixteen years should not be employed in mines. Owing to an interpretation placed on that act by the mine inspectors, in 1909 the act of 1903 was changed in that particular to permit the employment of hildren from the age of fourteen and upwards in mines. t also provides that the proof that a child who appears o be under sixteen years of age, when his age is quesioned by the mine inspector, the burden of that proof shall all upon the parents of the child, to say whether or not he child is over sixteen years of age, rather than upon he mine inspector to say that the child is under sixteen. would ask the gentlemen of this House to consider this ill and vote for its passage.

Mr. JAMES DUNN. Mr. Speaker, in the mining region his bill will work a hardship if it becomes a law. As ou all well know, the miners raise large families, and we urther know there are a number of boys sixteen years of ge working in mines and earning men's wages when sixeen years of age. Under the present law, when a boy ourteen years of age can read and write, he is allowed o go into the mines and work and help his father earn a ving for the family. Around the coal mining towns there nothing else for the boys to work at. In a manufacturng town he can secure employment in another line of work, ut around mining towns there is nothing to work at exent in the mines. The parents depend on these boys for elp. At the age of sixteen years these boys are coming be men. They are stout and able to work, and that is e time that these parents expect to get a great deal ut of them in helping to raise the families. So you can e the hardship that will be worked in the mining communities if this bill becomes a law. These parents should able to send their boys to school, but unfortunately nditions will not allow them to do that. It would be l right if they could. Of course, we all think that way. e feel that the boys should be treated properly by the rents, and educated properly, but we must be governed conditions, and the conditions existing in the coal ming towns are such as will not permit the parents to send e boys to school until they are sixteen years of age. They ed them to help raise the families. Further, you take ys who have no employment, and whose minds are not occupied along some line of work, and when they are about sixteen years of age they will be getting into mischief of some kind. I hope you will consider this bill and let the old law stand.

Mr. V. GILPIN ROBINSON. Mr. Speaker, and gentlemen of the House, why shouldn't a boy, at least up to the age of sixteen years, have a chance to persue some occupation above ground? Why shouldn't he go to school up to the time he is sixteen years of age, and what good reason can be urged why he should be subjected to the character of work such as is called for in coal mining? This bill certainly has very many elements which must appeal to every one, elements of giving the boy a chance. Why should the parents be permitted to put a boy under the age of sixteen years at the dangerous employment which is incident to mine working? This bill has excited a good deal of interest, and as I understand from the gentleman who is the author of the bill, it is simply to put the limit back where it was before. What good reason can be urged why any parent in the State of Pennsylvania should be permitted to subject his growing offspring to an occupation of this kind, when he ought to be sent to school and educated in good citizenship, and should have an opportunity for employment above ground instead of below? And I trust, therefore, that every member of this House can see his way clear to give the boy, at least up to the age of sixteen years, a chance.

Mr. HENRY. Mr. Speaker, I desire to corroborate what the gentleman from Delaware has just said in regard to the giving of the boy under sixteen years of age a chance in life. I have the highest respect for the men who work in the mines and men who have to support their families by the labor performed in these mines, but many of them for the mere sum of two or three dollars in a week will drag the children out of school into the mines just as soon as the law will permit.

On these grounds it seems that the bill ought to pass, and every right thinking man in the House who has regard for his boy ought to be willing to support this bill. There are many elements in this bill which work to the advantage of the boy, and these boys should be protected in their tender boyhood days, because they are the boys who will in the future become the men of this great State and nation, and I trust that every right thinking man who has the welfare of the boys of his own family and other families at heart will vote to support this bill.

Mr. JAMES DUNN. Mr. Speaker, I do not wish any member of this House to think that I would prevent a boy from having the privilege of going to school or college until he is sixteen years of age, provided his parents had the means to send him. To us members who know the conditions in these mining towns we look at it, of course, from the standpoint of a coal miner. There are no other lines of employment in coal mining towns for the boys to follow. There is generally there a few stores or mercantile houses, and they cannot provide employment for these boys. The parents cannot afford to send them to school for the reason that there is not steady employment at the mine. The conditions around the coal mine are such that the coal miner only works on an average the year around of about four days a week. When his boy becomes fourteen years of age he takes him into the mine (under the protection of the father as a rule) which entitles the father to get what is called "the double turn," which gives the father two turns. Mr. Speaker, and gentlemen of the House, I think that our people, the taxpayers, our American people and workmen will understand that if this boy is taken out of the mines and sent to school until he is sixteen years of age that he will not be of much consequence in helping that family. This parent should be entitled to his aid in helping him to raise his family and pay his tax. If the parent would get the benefit of the work were the poy permitted to remain in the mine, it would be all right, but parties will come over the pond and get the boy's work and the condition of the family will be reduced, because he has not the assistance of the boy to help him raise the family, as it should be. If you think, of course, that the coal miner can get along, if you think the conditions are such that he can afford to send the boy to school until he is sixteen years of age, then, of course, this bill ought to pass, but if you think you are going to create a hardship for the coal miner, this bill ought not to pass.

Mr. PHILLIPS. Mr. Speaker, as a miner in the coal mines I would like to say a word on this question. The gentleman from Delaware, Mr. Robinson, said it was a surprise to him that they could not raise children outside of the mines. We have little hamlets, here and there, where we go to the bowels of the earth to get the coal and where we raise our children. We have no schools or anything else in those localities. What are we going to do? Where are we going to send them to school? Are we to send them to Philadelphia or some other place, when we want them there to help us to raise them through the hardships that we have to encounter in a coal mine? It is all right in a city or town, but when you have to go and develop a place to raise your children, in my experience, when a boy is fourteen years of age, I think he is a help to the family, and I hope that every member of this House will look at it in that way. I have no objection to giving my children an education when I have a place and the means to educate them.

Mr. SHADRACH. Mr. Speaker, I am a victim of the coal mining circumstances. I had to start in the mines when I was eight years of age, and I do not want to see any other boy placed to such a disadvantage. Let us give him an opportunity to be a man. If the burdens fall upon the unfortunate widow or infirm father, let the community take care of them; above all things take care of boys. I trust the members will vote for this bill.

Mr. WALNUT. Mr. Speaker, and gentlemen of the House, I think that some of the members of this House misunderstand what this bill contains. In 1903 there was a bill on our statute books which required boys to be 16 years of age or upwards before they could be employed in the mines. An act was passed by the Legislature in 1909, and that act provided that boys of the age of fourteen and upwards could be employed in collieries. It was not intended to change the act of 1903 as regards the employment of boys in mines, but it was so interpreted by the mine inspector. This act merely changes the wording of that act, and reinstates the act of 1903. For six years we have been proceeding very favorably under an act which fixed the age of 16 as the limit for the employment of boys in mines. There is no action in this legislation which proposes to change those provisions. We, therefore, merely are overruling an interpretation of the mine inspector in passing this act. I do not think the gentlemen understand it properly, and furthermore I think the argument to the effect that children should be permitted to be employed at any age under sixteen is an antiquated argument. I believe that sixteen years for mines and fourteen years for work outside of mines is the proper regulation. We all know that employment in mines is dangerous, and children should be protected from it. I, therefore, ask you to support this bill.

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, That the Clerk present the same to the Senate for concurrence.

BILLS ON THIRD READING.

Agreeably to order,

The House proceeded to the third reading and consideraion of House Bill No. 7, as follows:

An Act exempting in certain cases billiard tables pool tables and bowling alleys with the appurtenances thereto from levy and sale on execution or distress for rent

Section 1 Be it enacted by the Senate and House of Representatlives of the Commonwealth of Pennsylvania in General Assembly met and it is hereby enacted by the authority of the same That in addition to the personal property now exempt by law all billiard tables pool tables bowling alleys and appurtenances thereto leased to any person partnership or corporation shall be exempt from levy and sale on execution or distress for rent against any such partnership or corporation Provided however That notice thereof in writing shall be given by such lessor to the landlord of such person partnership or corporation or to the agent of such landlord at the time of such leasing and at least ten days prior to the placing or installing of said billiard tables pool tables bowling alleys and appurtenances thereto upon the said premises

On the question,

Will the House agree to the bill on third reading?

Mr. R. J. BALDWIN. Mr. Speaker.

The SPEAKER. The gentleman from Delaware, Mr. R. J. Baldwin.

Mr. R. J. BALDWIN. Mr. Speaker, I would like to interrogate the author of this bill.

The SPEAKER. Will the gentleman from Philadelphia, Mr. Breitinger, permit himself to be interrogated?

Mr. BREITINGER. I will.

Mr. R. J. BALDWIN. Mr. Speaker, I would like to know why the gentleman thinks that billiard tables and pool tables should be exempted from attachment for rent rather than flour and food necessary to support a family.

Mr. BREITINGER. Mr. Speaker, in answer to the gentleman from Delaware I would say that as a matter of fact, under the laws of the State of Pennsylvania, all goods to the value of three hundred dollars are now exempt whether it is flour or whatever it may be.

Mr. R. J. BALDWIN. Mr. Speaker, I believe early in the session I objected to the passage of this bill. Some of you may not remember my reason. My reason for opposition to exemption is not on any personal ground but owing to the danger that arises from it. If we pass this bill there may be some danger in doing so. I believe in exempting everything that is of use to support a family that has to do with the necessaries of life, but when you come to exempt property of this kind it seems to me that legislation of that character is dangerous, and for this reason: We all know that ignorance of law is no protection to any person; he cannot put that plea in; and if we go on exempting first one piece of personal property and then another piece of personal property after awhile a man won't know what protection he has and does not know what property is exempt or what is not without going to a lawyer and inquiring what is exempt from taxation or what is not exempt. A wise piece of legislation in this direction will be presented a little later on and I wish to say that I don't approve of the bill at all and I think it is an unwise measure.

Mr. BREITINGER. Mr. Speaker, this bill is not in its original form to which the gentleman makes objection. It has been amended, and in its amended shape a man has ample protection in the event of tables being put in on the instalment plan.

Mr. R. J. BALDWIN. Mr. Speaker, I would like to further in terrogate the gentleman and I would like to ask him if he would not think it would be much wiser if we are going to exempt anything that we exempt those things which are really necessaries of life and not to begin exempting those things that are not necessaries of life.

Mr. BREITINGER. The necessaries of life are already exempt by law to the extent of three hundred dollars as the gentleman from Delaware very well knows.

Mr. R. J. BALDWIN. Mr. Speaker, in nearly all leases the exemption is waived and in consequence a landlord does not get the benefit of the exemption act.

Mr. V. GILPIN ROBISON. Mr. Speaker, and gentlemen of the House, we can understand why a sewing machine that is leased to a woman should be exempt from the landlord's levy for rent, because it may enable her to earn her living or it may enable her to reduce the family expenses. We can understand, also, why it might be proper to exempt from the landlord's levy a sale of tools of trade and articles of tha kind. We could often endorse the law as it now exists which permits the lease of a melodeon or piano even though it may be a luxury from one aspect in another it is not because i adds to the comforts and enjoyments of a home and of the inmates thereof, but what can be said—what advantage can be earned to encourage the leasing of billiard tables and pool tables and bowling alleys? What advantage are they to any community? And why should the landlord afte his lease has been executed not have the opportunity to levy upon property of this kind if it is put upon his premises and especially if it is put upon his premises for the purpose of trade or profit out of this piece of property? repeat what advantage to any community is there to encourage and to have an established room for the playing of billiards—a room for pool tables and a room for bowling alleys? Is there any good reason why the sense of the Haus as it is expressed and as it was before expressed upon this bill should not be re-expressed and is there really any good reason why a measure of this kind should not be discountenanced.

On the question recurring,

Shall the bill pass finally?

Scott, S. B.

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, That the Clerk present the same to the Senate for concurrence.

The Speaker (JOHN F. COX) in the Chair.

Mr. PIPER. Mr. Speaker, I ask unanimous consent to make a motion.

The SPEAKER. The motion will be read by the Clerk for the information of the House.

The Clerk read the motion as follows:

Moved by Mr. Piper of Philadelphia, that House Bill No. 796, Pink Calendar, be placed on the calendar notwithstanding the negative recommendation of the committee.

The SPEAKER. The Chair hears objection. The motion lies over until next Monday night according to the rules.

SENATE MESSAGES.

AMENDED HOUSE BILL RETURNED FOR CONCURRENCE.

The Clerk of the Senate being introduced returned bill from the House of Representatives numbered and entitled as follows, viz:

House Bill No. 3:

An act to fix the salaries of the judges of the Supreme Court the judges of the Superior Court the judges of the Courts of Common Pleas and the judges of the Orphans' Courts

with information that the Senate has passed the same with amendments in which the concurrence of the House of Representatives is requested.

The SPEAKER. The amendments will be read by the Clerk.

The Clerk read the amendments as follows:

In section 2, line 2, strike out "fourteen" and insert "thirteen;" line 3 strike out "$14,500.00" and insert "$13,-00.00;" in line 4 strike out "fourteen" and insert "thirteen;" in line 5 strike out "$14,000.00" and insert "$13,-00.00."

In section 3, line 2, strike out "thirteen" and insert "twelve;" in line 3 strike out "$13,500.00" and insert "$12,-00.00;" in line 4 strike out "thirteen" and insert "twelve," $13,000.00" and insert "$12,000.00."

Section 4, line 3, strike out "twelve" and insert "eleven" nd strike out "$12,000.00" and insert "$11,000.00;" in line 5 trike out "twelve" and insert "eleven" and strike out $12,000.00" and insert "$11,000.00."

In section 5, line 5, strike out "one hundred thousand" nd insert "ninety thousand;" strike out "100,000" and insert 90,000;" in line 10 strike out "one hundred" and insert ninety," and strike out "100,000" and insert "90,000."

Strike out all of section 8.

Section 9, strike out "9" and insert "8."

On the question,

The amendments made by the Senate were twice read.

Will the House concur in said amendments?

Mr. DERSHEM. Mr. Speaker.

The SPEAKER. The gentleman from Union, Mr. Dershem.

Mr. DERSHEM. Mr. Speaker, at first glance one would aturally infer that the amendments made by the Senate educed the proposed salaries very materially, but upon inestigation you will find that in the whole the reductions mount to but very little. In sections 2, 3 and 4 the salries are reduced $1,000 as compared to the bill as it passed he House, but in section five you will find that the minimum equirement of population in the bill was 100,000, but in the mended bill is 90,000. This evidently will take in a numer of districts not included in the original bill and this ould mean an advance of $1,000 that would offset some of he reductions made in the other sections of the bill. Secon 8, which reads as follows, was entirely stricken out.

How much this bill increases the pay of judges no one nows, so that all in all it seems to me it would be hard for nyone to say whether as a whole these amendments would any reduction whatever.

Vote these amendments down and when the conference eport comes before us we will then have an opportunity to ll the bill.

Mr. JOHN R. K. SCOTT. Mr. Speaker.

The SPEAKER. The gentleman from Philadelphia, Mr. ohn R. K. Scott.

Mr. JOHN R. K. SCOTT. Mr. Speaker, in reply to my iend from Union County I will say to the House that e change from one hundred thousand to ninety thousand no wise changes the bill. Clearfield County had a poputon ten years ago of some eighty thousand people. Under e present census the population is ninety-three thousand. Under the old law eighty thousand inhabitants would carry with it a salary of five thousand dollars—where it is under ninety thousand inhabitants. Where it is over ninety thousand inhabitants it carries with it six thousand and seven thousand dollars to all the judges of the district. The population of Clearfield County rose from eighty-three thousand to ninety-three thousand, and the result is changes, and the judges in Clearfield County at the present time get seven thousand dollars a year. Under this bill they would be getting a thousand dollars a year above that amount, which in consequence would be unconstitutional, and would apply to all sections outside of Allegheny and Philadelphia. The change merely corrects that one county; that is the only county that it affects. Therefore at the suggestion of gentlemen from this section this matter was brought to our attention. Both Mr. Moulthrop and Mr. Hoover suggested that the section should be corrected, and it was corrected.

In regard to the eighth section, it was cut out because a few days ago the Governor signed a bill allowing judges of different counties to preside in adjacent counties with mileage and expenses and twenty dollars a day. If this remained in the bill it would neutralize the law signed by the Governor a week ago. This bill passed the Senate by 34 votes as it here stands, and I hope the members will not follow the suggestion made by the gentleman from Union.

Mr. R. J. BALDWIN. Mr. Speaker, you recollect when I spoke on this bill some time ago that I called particular attention to the unfair treatment that the rural part of the State was receiving on the bill at that time. Had this bill come back to the House with a straight raise for all the judges, and then, having already been established by previous acts, I might have endorsed it and if this bill had come back from the Senate making an even raise for the country and city judges I would have been prompted to vote for this bill. But there is something that has occurred since we argued this bill some time ago, and I contend that we have received unfair treatment, and my opinion is that the rural judges have received unfair treatment. You will notice there has been one section entirely removed. The reason for that was no doubt because we passed the bill a few days ago whereby when judges have signified a willingness to do work outside of their district they can so notify certain districts and they can be assigned to those courts. Now, let us see how fair they have treated us? They say that a judge's worth in the city of Philadelphia is eleven thousand a year. I want to be fair in my own judgment and I want to state that that judge will not work in the Philadelphia court over two hundred days in the year; at eleven thousand dollars a year that is fifty-five dollars a day for his work. Now they turn around to a rural judge, to a country judge, when he is wanted to perform this work and offer him twenty dollars a day. This judge will have all the expense of living in the city of Philadelphia, and I would like to know what good reason there is why a Philadelphia judge should have more salary that the judges in the other part of the State. I say that it is unfair when you say to me that the same service in one portion of a State carrying the same responsibility is only entitled to seven thousand dollars a year, while in certain other parts of the State it is worth eleven and twelve thousand dollars a year. When he comes to the city to perform this service he will be under expense at the hotels and will be under greater expense than the judge who lives in the city in his own home and yet they offer the country judge the mere pittance of twenty dollars a day. We should meet this bill squarely and straight from all the standpoints, and why not consider the man who has to pay the tax to pay these officials their salaries. For the purpose of the city you are about to tax everybody and it seems to me that the man who pays the tax should be considered, and this House may well consider that this is not the right time to increase salaries when thousands of dollars are needed for charity in every portion of this State. I feel satisfied in my mind, although I cannot speak for your minds, but I cannot conceive how any man in this house can help having some regard for the people of this State who don't want this increase at this time. Gentlemen, consider that side of the question. You want to consider that side just as well as any other side of this salary question. Every man knows that a man can live well on eight thousand dollars a year, and it is better to raise the income of the man who pays the taxes; it is better to consider that side of it as they are the ones who are paying the bill.

Mr. JOHN R. K. SCOTT. Mr. Speaker, I desire to call the attention of the gentleman from Delaware, and to the gentlemen of the House, to the fact that the bill he speaks about recently signed by the Governor not only pays twenty dollars a day to the judges who preside in adjoining districts, but their actual expenses and mileage and the salary which they receive in their districts in addition. At the time he is drawing his twenty dollars a day he is also drawing his salary in the district from which he comes. I take it that it is not fair for the gentleman from Delaware to assert at this time that this bill is unfair. It has passed the House once and there was every opportunity for full argument and full discussion, and I submit that it is unfair for him to inject into this discussion of this bill the accusation that the members from the large cities are attempting to take advantage of the members of the rural districts in this House. You all remember that when this bill was before the House it was referred to the Judiciary Special Committee and there was a hearing—a general hearing in open meeting. The opponents, as well as the advocates of the bill, were requested to express their opinions upon it and they did express their opinions, and the figures were fixed not by the members of the Judiciary Special Committee, not by the members of this House, and not from the members from the larger districts, but by the members of the interior districts themselves. They fixed the bill; they fixed the amount; they said the amount that they would support, and that, Mr. Speaker, is the way this bill was molded. Some of the members from the interior districts felt that the amounts were not sufficient, not adequate for the judges of Philadelphia, and others felt that the amounts were too large and there was a compromise proposed that was met by all the members of the committee and endorsed by the House. The merits of this bill are not now before the House. We passed this bill. To-night we are here to say whether or not we will concur in the amendments of the Senate. They have cut down the amounts from the Philadelphia and Allegheny Superior Court and Supreme Court.

Mr. ALTER. Mr. Speaker, when this bill passed the House I voted against it, for the reason that I thought the amounts fixed by the bill were too high. The amounts to which the Senate has reduced the various salaries are now as low as I, in my individual judgment, would like to see them. It is a fact, however, Mr. Speaker, that the gentlemen who have had charge of this bill have, from the time of its introduction until the present time, made very substantial concessions which are entitled to our consideration. It is also a fact, Mr. Speaker, that if we refuse to concur in the amendments of the Senate, there may not be a conference committee, as my friend from Union County has suggested, as the Senate can recede from these amendments which will permit the bill to stand as it stood when it left the House, which, from my point of view, would be expressly undesirable, and for these reasons I shall vote for the bill in its present form, as amended.

Mr. DERSHEM called for the verification of the roll.

And upon a verification of the roll the vote was as follows:

On the question,

Will the House concur in said amendments?

Ordered, That the Clerk inform the Senate accordingl

REASON FOR VOTE.

Mr. MILLS offered the following reason for votin "Aye" on House Bill No. 3:

I desire to explain the reason for my vote in the affirma tive on this question.

I was and still am against the increasing of the salarie of the judges in the state and voted against the bill whe it was before the House on final passage. The amen ments inserted by the Senate reduce the increases by man thousand dollars per year. I believe from information r ceived by me, which I consider absolutely reliable, that th Senate is prepared to recede from these amendments shoul the House fail to concur therein, and the bill would ther fore go to the Governor in its original form with the larg salaries. I therefore vote for the concurrence of the amen ments as the lesser of the two evils.

RESOLUTION RELATIVE TO ORDER OF BUSINESS.

And said bill having been read at length the third time,

On the question,

Will the Senate agree to the bill?

Mr. WASBERS. Mr. President, I ask unanimous consent to amend the bill as follows:

"In section one hundred and one by inserting before the word "and," in line six, the words "provided however that independent school districts may be created as herein provided."

The PRESIDENT. Is there objection?

Mr. TUSTIN. Mr. President, I object.

Mr. WILBERT. Mr. President, I was under the impression when this bill passed second reading it was for the sole purpose of permitting any amendments to be put in at this time when it came up on third reading. I cannot understand why this should be choked off in this manner, I do not think it is at all fair.

Mr. TUSTIN. Mr. President, there is no desire to choke off the amendment. I objected to the amendment and now the gentleman can offer it and we will debate it.

The PRESIDENT. The Chair hears objection.

Mr. TUSTIN. Mr. President, I withdraw my objection.

Mr. WASBERS. Mr. President, I move that the Senate resolve itself into committee of the whole for the purpose of special amendment.

Mr. ADAMS. Mr. President, I second the motion.

The amendment was read as follows:

Amend section one hundred and one by inserting before the word "and" in line six, the words "provided, however, that independent school districts may be created as herein provided."

Mr. McNICHOL. Mr. President, I trust that the Senate will not agree to this motion to go into committee of the whole. This bill has been before both the House and the Senate of Pennsylvania for the last two or three months. Every Senator and every member of the House of Representatives is familiar with every provision in it. They have had the members of the committee to which this bill was referred importuned with their amendments and suggestions and at this late day now to go into committee of the whole will consume two or three days for the purpose of adding additional amendments to it. I think it is entirely out of place and I trust the Senate will vote down this motion to go into committee of the whole.

Mr. FOX. Mr. President, if it is true, as the Senator from Philadelphia, Mr. McNichol, has just suggested, that every Senator has had an opportunity to appear before the committee and to suggest such amendments as he desired, I agree with the Senator from Philadelphia. I myself have had that opportunity to appear before the committee, had a full and fair hearing, and I think if everybody has had such an opportunity that the motion ought to be voted down.

Mr. TUSTIN. Mr. President, when this bill passed second reading, there was an agreement entered into, and I think the records will show that the motion included the agreement, that amendments should be allowed on third reading the same as they were allowed on second reading. I don't think it will take very long, because I don't think there will be so many amendments. It is only fair under the agreement made at that time that these amendments should be presented at this time, and we should vote on them. I think we ought to have an opportunity to vote on these amendments. The agreement was that the bill should pass second reading and that it be fixed for special order to-day, and all rules be waived relative to offering amendments on third reading, so that amendments could be offered on third reading the same as when offered on second reading, to give these people an opportunity to offer their amendments.

Mr. McNICHOL. Mr. President, I was not here at the session last Tuesday. I will withdraw my remarks and vote for the motion to go into committee of the whole.

Mr. FOX. Mr. President, I feel likewise if that was the agreement, I think that everybody ought to agree to the motion.

And the question recurring,

Will the Senate agree to the motion?

It was agreed to.

Mr. HERBST. Mr. President, I would suggest, to save time, that we have the Senator explain his amendment.

The PRESIDENT. I will ask the Senator to defer his request for the moment.

Mr. TUSTIN. Mr. President, I move that the Senate reconsider the vote by which it resolved itself into committee of the whole to consider this amendment, so that general amendments may be considered.

Mr. HERBST. Mr. President, I second the motion.

The motion was agreed to.

Mr. WASBERS. Mr. President, I move that the Senate resolve itself into committee of the whole for the consideration of general amendments.

Mr. ADAMS. Mr. President, I second the motion.

The motion was agreed to.

Mr. FOX in the Chair.

COMMITTEE OF THE WHOLE.

Mr. FOX. The committee has before it for consideration Senate Bill No. 496 (House No. 312).

Mr. WASBERS. Mr. Chairman, I move to amend section one hundred and one, line six, by inserting before the word "and" the words "provided however that independent school districts may be created as herein provided."

On the question,

Will the Senate agree to the amendment?

Mr. WASBERS. Mr. President, the reason I offer the amendment to provide for independent districts is that to pass this section unamended would make it unconstitutional. That is the reason that it should go in the portion of the bill creating independent districts.

Mr. TUSTIN. Mr. Chairman, I hope the amendment of the gentleman from York, Mr. Wasbers, will not prevail. There is no subject that has received more careful consideration from the counsel, from the commission or from the committee than the question of independent districts. The question of independent districts is now arranged satisfactorily by amendments which will be offered to every one except the client of the gentleman from York, Mr. Wasbers. He is not satisfied and I am sorry to say that we cannot satisfy him. In order to do so we would be running grave danger of making the entire bill unconstitutional. We provide that independent districts shall be erected, and that independent districts, if erected, according to their population shall go into one of the four classes. The bill takes care of independent districts entirely in accordance with request made by Senator McConnell and others who are anxious that independent school districts shall be preserved.

And the question recurring,

Will the committee agree to the amendment?

It was not agreed to.

Mr. HERBST. Mr. Chairman, I move to amend by striking out article IX.

On the question,

Will the Committee agree to the amendment?

Mr. HERBST. Mr. Chairman, this merely would strike out the entire Article IX, in regard to a State Board of Education. I am opposed to commission government and I have only heard one reason why this State Board of Education should be had in Pennsylvania, and that is the reason that some of the western states have it. We were pioneers in this matter of education before these states were states, long before they put a plow into some of these western states that have this board of education. I think we have worked very well with our State Superintendent and his assistants. I would be very much in favor of giving the State Superintendent more assistants if he needed them, but I am opposed to this commission government because it takes our public schools from the people and instead of being public schools it has a tendency to make them state schools and there is a vast difference between that and common or public schools. This is my reason for offering the amendment to the code. I see New Jersey just last week abolished its state board and made a commission of education, or in other words, this amounts to the same thing as our State Superintendent of Education and I will call for the yeas and nays on this amendment.

The CHAIRMAN. The gentleman is out of order in calling for yeas and nays. It cannot be done in the committee of the whole.

Mr. TUSTIN. Mr. Chairman, I hope that the amendment of the gentleman from Berks will not prevail. If there is any portion of the school code that should be adopted for the benefit of the educational interests of Pennsylvania, it is the one providing for a State Board. A great deal has been said and much misunderstanding has gone abroad in regard to the purposes and duties of this state board. In the State of Pennsylvania, sir, we are every year giving to institutions in the State over which we have no control and from whom we receive no detailed reports, from four to five millions of dollars. They go to institutions like the Stevens Institute of Lancaster, like the Downingtown Industrial School, and hundreds of others and it is to the glory of Pennsylvania that she does support such schools. But, Mr. Chairman, there should be some oversight of these schools and some one who should repor to the Legislature from time to time as to the expenditure of this money. There is no branch of our State government at the present time that attends to this matter and one of the duties of the state board is to look after the expenditure of this money that we are year after year giving to these schools. Another important duty of this state board is an oversight of the vast public land of this State. We have at the present time over one million acre of land planted with the best of timber which in the next forty or fifty years will become most valuable. Under the terms of this code 80 per cent. of the proceeds of these lands will go to the school fund for the State o Pennsylvania. In addition there has been discovered o those lands, petroleum, bituminous coal, lime stone and other minerals. Four-fifths of all amounts realized from the proceeds of the sale of products will go to the schoo fund of Pennsylvania so that some time in the future, thi Commonwealth will have a school fund commensurate with the fund of other States in the Union. New York ha $9,000,000, New Jersey $4,500,000, Delaware $350,000, Massachusetts $5,000,000, Indiana $11,000,000, Texas $62,000000, Minnesota $250,000,000, and as these public lands ar sold from time to time this money will go into a fund o which this state board will have the investment along th same lines that savings funds are invested. They will no have the physical oversight, but they will be a guard agains these lands ever being frittered away or ever being sol for an insufficient price. The duties of the state board d not interfere with the local board in any manner whatever. They simply act in an advisory capacity, and believe in the State of Pennsylvania just as in other state the Governor can find seven men whom he can appoint o this board who will look after our educational interest and give their services and advice from time to time without any compensation.

And the question recurring,

Will the committee agree to the amendment?

It was not agreed to.

Mr. ADAMS. Mr. Chairman, I move to amend Articl XV, section 1501, line 4, by striking out the word "shall and inserting in lieu thereof the word "may;" also sectio 1503, line two, by inserting after the word "health" th words "annually when requested by any such district o districts;" also by striking out section 1504 and renumbe ing the remaining sections of that article.

On the question,

Will the committee agree to the amendment?

Mr. ADAMS. Mr. Chairman, the purpose of these amendments relates to the same subject, the question of medical inspection, regardless of whether the children are attending public schools or not, and I make this amendment on behalf of constituents, people who have serious objections to this feature of the code, so as to make the inspection permissive rather than compulsory.

Mr. TUSTIN. Mr. Chairman, when this bill came over from the House before the committee of the Senate the medical inspection was considered to be so good that from all parts of the State of Pennsylvania, from parties in charge of private schools and parochial schools requests were received asking for an amendment in the bill so that medical inspections should apply to all children of school age in the district and the second report of the committee came out in that way. It was then found that it was unconstitutional, because the bill relates to the establishment of a public school system, and therefore very much to the regret of those who have charge of parochial schools and men who have charge of the very best private schools in Pennsylvania, the committee was obliged to cut it out; so what Senator Adams is complaining about is already cut out of the bill. We provide that the pupils of the public schools shall be inspected by the Medical Inspectors of the Boards of Health. Under a very wise amendment suggested by Senator Clark of Erie, it is made necessary, that whenever there is an examination it should be in the presence of a parent or guardian if so requested. That takes away from this bill anything that might lead to wrong and abuse in the inspection of the scholars. The article relating to inspection in school districts of the first class was gotten up very carefully by Dr. Burns of Pittsburg and Dr. Neff of Philadelphia. We did not adopt the recommendations of the school commission as it required that the board be given their own inspectors, but in order that there might not be a double expense we provided that the medical inspection should be done by the inspectors already employed by the city and that they should be paid by the school board. There is nothing contained in the bill not already done in those two districts. In regard to the country districts, Dr. Dixon for a long while has of his own volition been making his own inspections. This bill simply puts the inspection in his department where it now belongs and provides that the State shall pay for it, and no one could have made a more comprehensive statement of the necessity of inspection than my friend, the Senator from Berks, when the matter was discussed in committee. It is a most important section. It is a section that ought to be adopted for the good of the State of Pennsylvania, and it is a section we have in all the other States. It is much less drastic than they have in Germany, France or England, and there is nothing in the bill as now drawn that any one can properly take exception to except that hose who do not believe in vaccination and the friends of Christian Science. These people have been sending depatches here asking us to cut out medical inspection. I respect them for their position; they are simply doing what they believe is correct and right, but the question is whether the bill shall be adopted in its present form along lines recommended by the best medical experts in Pennsylvania or whether these two classes shall control and we have no competent medical inspection.

Mr. WILBERT. Mr. President, in so far as Dr. Burns s concerned, I believe I gave Senator Tustin these amendments, and I do not recall of Dr. Burns ever giving to me ny amendments making this compulsory as this bill provides. I do not recall it at all.

Mr. TUSTIN. Mr. President, he gave it to me.

Mr. WILBERT. Mr. President, not through me. I gave ou section 1502, I believe if it is the wish of a parent ot to have a child vaccinated that the State of Pennsylania should not compel a parent to do so. I think it very nfair to have this compulsory inspection in this bill.

Mr. ADAMS. Mr. President, the amendment does not make this optional with the parent, but makes it optional whether the board shall make such inspection. It is up to he board.

And the question recurring,

Will the committee agree to the amendment?

A division was called for, and twenty Senators voting n the affirmative and twenty-two in the negative, it was not agreed to.

Mr. HERBST. Mr. Chairman, I move to amend article XI by striking out sections 1126, 1127, 1128, 1129, 1130, 1131, and 1132.

On the question,

Will the committee agree to the amendment?

Mr. HERBST. Mr. Chairman, those sections apply to the Assistant County Superintendent. Now we have been getting along very well and our schools have been advancing in my county very rapidly under our County Superintendent, and in the old days when the County Superintendent had to work they never asked for any assistants. Now our County Superintendent has things to such a status that nearly all the teachers are graduates of Normal Schools, in fact practically all graduates of Normal schools as well as the County Superintendent, and therefore have as much education, and the same attainments. Nine-tenths, I think, of our teachers are graduates of the Normal Schools, trained teachers, and why now should our county be put to the expense or the State be put to the expense of paying three additional superintendents when we have one who has been able to do the work. I think it is a piece of folly in this code to do it. I don't object to the Superintendent, but our Superintendent can now spend half the summer at Atlantic City and the other half at Mt. Gretna Chautauqua and give lectures at those places, while our old County Superintendent worked the whole summer, and I do not see a reason why Superintendents should be added.

And the question recurring,

Will the Committee agree to the amendment?

It was not agreed to.

Mr. TUSTIN. Mr. Chairman, I move to amend the bill as follows:

Article 1, section 108, by striking out in line 11 the words "and remain" and by adding to the end of the section the following: "provided that independent school districts may be created as hereinafter provided." Section 109 of same article line 5, by striking out the word "or" and by inserting after the word "township" in the same line the words "or independent school districts;" in the same article, section 117, in line 64, by inserting after the word "district" the words "or school district;" also in the same section, line 68, after the word "description" by inserting the words "of the boundaries;" also in the same section, line 69, by inserting after the word "district" the following: "And the desire of the petitioners for better school facilities than are or will be provided and maintained by the district or districts of which proposed independent school districts is a part;" also in the same section, line 73, by inserting after the word "districts" the words "or school districts;" also in the same section, line 77, by inserting after the word "petition" the following: "Where the territory described in any such petition is to be taken from two or more school districts such petitions shall be signed by a majority of all the taxable inhabitants of the part of each school district which is to be included in such independent district;" also in the same section by striking out in line 92 the following: "provided that the General Assembly does hereby declare that it would have passed this act if this section were not in it and if this section is held unconstitutional by the court it will not affect invalidate or make unconstitutional the other portions of the act;" in the same article and in section 121, line 1, by striking out the word "or."

Also by striking out in Article 2, section 203, line 8, after the word "election" the following: "Provided that the provisions of this section shall not apply to school districts of this class so as to change either the number of school directors in any such district the number to be elected at the respective elections or the manner in which they shall be elected whether by ward district or otherwise until such time as the voters of the respective districts of the said second class shall at either a general or municipal election or at a special election called for that purpose by a majority of the votes cast at such election determine to accept the provisions of this act relating to the number of school directors for the same the number which shall be elected at the respective elections and the manner in which they shall be elected And provided further that upon applications to the Court of Common Pleas in the county in which such school district is located by petition of not less than ten per centum of qualified voters of said school districts the said court shall order the question to be voted upon at either a general or municipal or special election as to it may seem best and the said court shall also make such order as to the form of submission as shall appear to it to be necessary provided however that any school district of the second class may at any time after the approval of this act accept the provisions of this section by a proper resolution passed by a majority vote of its board of school directors a certified copy of such resolution shall be filed with the superintedent of public instruction and at the first municipal election occurring more than thirty days after the filing of such resolution there shall be elected at large a board of nine (9) school directors for such districts Three shall be elected for two years and biennially at the municipal elections thereafter three directors shall be elected at large for six years. Their terms shall begin on the first Monday of December following their elections The terms of all school directors serving at the time of passing such resolutions shall end on the first Monday of December following such election."

Also in the same section, line 79, by inserting after the word "order" the word "and;" also in the same section, line 89, by striking out the word "these" and inserting in lieu thereof the word "three."

On the question,

Will the committee agree to the amendment?

It was agreed to.

Mr. NULTY. Mr. Chairman, I move to amend Article 15, Section 1506, page 142, by striking out the section and inserting in lieu thereof the following:

The school directors of each school district in this Commonwealth may cause the district superintendent or supervising principal to have collected at convenient times for repairs all text books in use in the schools of the said district, showing any signs of wear or tear, and the district superintendent or supervising principal shall certify to the committee of school directors having charge of the text books supplies, the name or names of any individuals or corporations who in his judgment can successfully repair, redeem or restore old and worn out text books to a condition equal to new, including sanitary cleaning.

On the question,

Will the committee agree to the amendment?

Mr. NULTY. Mr. Chairman, the reason I wanted this amendment is that I see in this section that most everything connected with the schools is given a sanitary cleaning, water vessels and utensils and all of that, and I have on many occasions heard complaints about the old books that are given to the school children from the various schools, that they bring home disease such as scarlet fever and typhoid fever. Of course, I cannot say that such is the case it might be merely a superstition. But if it is well to clean all these other utensils, including the grounds, I think it is well to look after the books.

And the question recurring,

Will the committee agree to the amendment?

It was not agreed to.

Mr. KEYSER. Mr. President, I move that the committee now rise and report.

Mr. TUSTIN. Mr. President, I second the motion.

The motion was agreed to.

The President pro tempore (Mr. W. E. CROW) in the Chair.

Mr. FOX. Mr. President, as chairman of the committee of the whole I desire to report Senate Bill No. 496 (House No. 312), as amended and move the insertion of the amendment.

Mr. TUSTIN. Mr. President, I second the motion.

The motion was agreed to.

On the question,

Will the Senate agree to the bill as amended?

It was agreed to.

Ordered, That the bill as amended be printed for the use of the Senate.

An act fixing the maximum number of licenses to be grante in any county in this Commonwealth for the sale of vinou spirituous malt or brewed liquors or any admixture thereo at retail

Section 1 Be it enacted by the Senate and House of Rep resentatives of the Commonwealth of Pennsylvania in Gen eral Assembly met and it is hereby enacted by the authorit of the same That from and after the passage of this act th maximum number of licenses granted in any county of thi Commonwealth for the sale of vinous spirituous malt or brewe liquors at retail shall not be in excess of one license to ever seven hundred and fifty inhabitants in said county as asce tained by the Federal or State census last preceding the grant ing of such license

And said bill having been read at length the third time and agreed to,

And the amendments made thereto having been printe as required by the Constitution,

On the question,

Shall the bill pass finally?

Mr. WERTZ. Mr. President, this bill is conservativel restrictive in character. It in no sense permits the court to go any farther in granting licenses than they go at thi time, but in a few places in the State, and notably in m own district, it would compel conservative action on th part of the courts, which would be highly desirable, an I believe that it will fit many other places. I trust tha the members of the Senate will vote for it.

Agreeably to order,

The Senate proceeded to the third reading and consider tion of Senate Bill No. 548 (House No. 118), entitled:

An Act providing a uniform rate of assessment and taxatio for all real estate in cities of the second class

And said bill having been read at length the third tim and agreed to,

And the amendments made thereto having been printe as required by the Constitution,

On the question,

Shall the bill pass finally?

Mr. WILBERT. Mr. President, the foregoing act wa introduced on behalf of the Chamber of Commerce, follow ing the adoption of a report of the Committee on Re

Estate and Taxation November 10, 1910. It also has the endorsement of the Allied Boards of Trade, and the following is the resolution of the Allied Boards of Trade regarding the abolishment of the present system of classifying property in the city for assessment purposes, passed May 25, 1910:

Whereas, The present system of dividing city property into full rural and agricultural, works and injustices on certain classes of citizens, especially to the owners of business property and ordinary residence property, which is assessed the full rate, while expensive residences surrounded by large lots are required to pay only two-thirds of the full rate, while land held as agricultural is only required to pay one-half the full rate, and

Whereas, The law is ambiguous and obscure in its statements making it difficult for the assessors to arrive at just assessments, and

Whereas, Further, it is believed that the present law is at variance with the Constitution of the State in that it makes taxation on property unequal, and does not conform with the requirement that "All taxes shall be uniform upon the same class of subjects within the territorial limits of the authority levying the same" (Article LX Section 1) therefore

Be It Resolved, That we demand that this present law shall be repealed, and a new law governing the taxation of real estate passed, which shall not include any classification, but shall be passed upon the actual cash value of the property, in order that all property may be assessed its equal share of taxation.

The Allied Boards of Trade of the City of Pittsburg of the County of Allegheny consist of: Homewood Board of Trade, Bloomfield Board of Trade, North Side Chamber of Commerce, West End Board of Trade, Lawrenceville Board of Trade, Lincoln District Board of Trade, South Hills Board of Trade, Civic Club of Allegheny County, Oakland Board of Trade, Hazelwood Board of Trade, Wilkinsburg Board of Trade, Uptown Board of Trade, Millvale Board of Trade, Allison Park Board of Public Service, Pittsburg Civic Commission, Central Board of Trade.

In fact, it has the endorsement of every Trade Council in the city of Pittsburg as well as business organizations. The present law as we have it is very unfair from the fact that in the residential portion of our city there is a great deal of high-class property which is really not on the market for sale, but it is held in large tracts and not being used for any purposes. It is owned by capitalists with the anticipation of an increase in value at some future time. They to-day pay one-third of the valuation which I pay who might have my little home. That is why we ask for this uniform taxation bill and I ask the Senators to support the bill.

And the question recurring,

Shall the bill pass finally?

BILL RECOMMITTED.

Mr. KEYSER. Mr. President, I move that Senate Bill . 605, on second reading, entitled:

A joint resolution Resolved by the Senate and House Representatives that the following amendment to the nstitution of the State of Pennsylvania be and the same hereby proposed

recommitted to the Committee on Judiciary Special.

Mr. McNICHOL. Mr. President, I second the motion.

On the question,

Will the Senate agree to the motion?

Mr. POWELL. Mr. President I desire to interrogate e Senator from Philadelphia, Mr. Keyser.

The PRESIDENT. Will the Senator from Philadelphia, r. Keyser, permit himself to be interrogated?

Mr. KEYSER. Mr. President, I will.

Mr. POWELL. Mr. President, for what purpose is this ll to be recommitted?

Mr. KEYSER. Mr. President, for the purpose of furer consideration.

Mr. POWELL. Mr. President, this bill was not in the mmittee on Judiciary Special; it was in the Committee Judiciary General and was considered there.

Mr. KEYSER. Mr. President, I will amend my motion d make it Judiciary General, then, instead of Judiciary ecial.

Mr. McNICHOL. Mr. President, I accept the amendnt.

Mr. POWELL. Mr. President, I call for the yeas and ys on this motion.

Mr. WEINGARTNER. Mr. President, I second the call.

Mr. McNICHOL. Mr. President, I think that the Senator m Pittsburg should extend the courtesy on such a motion made by the Senator from Philadelphia, Mr. Keyser. The me reference was made of a bill that was on final passage fore this Senate by the same Senator from Pittsburg, reing to banking interests. Now, if it was essential and imrtant that those matters should be considered after the l had reached third reading I do not think that the move should be questioned in the rights of a Senator from other section of the State asking for the same privilege. hink that the courtesy should be extended in this case.

Mr. POWELL. Mr. President, I desire to be courteous, t I call the attention of the Senator from Philadelphia, r. McNichol to the fact that the time of the session is awing to a close and that the situation is entirely differt from the time when the courtesy was asked before. At at time that bill was a matter which had not been reconlered at all. This bill is a bill that has been before the ople of the State for three or four sessions of the Legisure and Senator Keyser has considered the bill in his mmittee at various sessions of the Legislature and there no change in it whatever.

Mr. McNICHOL. Mr. President, the bill that I referred was recommitted to the committee and was a bill introced by myself and I did not even have the courtesy exnded to me by that committee to appear before it to exin the merits or demerits of the bill, and that bill is still mbering in the committee for three weeks. I thnk that purposes for which the Senator from Philadelphia asks at his bill be recommitted is one in which every Senator this Senate has from time to time asked the same privge and I hope the Senator will agree to recommit this bill.

The PRESIDENT. Does the Senator from Allegheny int upon his request for the yeas and nays?

Mr. POWELL. Mr. President, I do. The situation is enely different.

Mr. FOX. Mr. President, by just looking at this title it ikes me that it is deficient and ought to receive further nsideration. It does not express what the resolution is all.

And the question recurring,

Shall the bill be recommitted to the Committee on Judiry General?

The purpose of this bill is to validate bonds or other curities issued by an evidencing an increase of the debtedness of any county, city, borough, township, sch district or other municipal or incorporated district of Commonwealth issued since the twentieth day of April A 1874, where the corporate authorities thereof did not p to the submission of such question to the vote of the elect thereof by their ordinance or vote, signify their desire increase the indebtedness thereof and to validate such missions and votes, as required by law.

This bill is evidently intended to cover some partic case. Carelessness should not be encouraged by holding the thought that elections, however irregular, concerning creases of indebtedness by municipal authorities, may be rected at a subsequent session of the General Assembly. difficulty intended to be overcome by this bill can always avoided by ascertaining in the first place what the laws Under the circumstances, it is better that the expense another election incurred and the expenses incident to be taken.

VETO OF HOUSE BILL NO. 171.

Commonwealth of Pennsylvania.
Executive Chamber, Harrisburg, Pa., April 29, 1911.

To the Honorable, the House of Representatives of the Commonwealth of Pennsylvania:

Gentlemen:—I return herewith, without my approval, House Bill No. 171, entitled:

An act amending section eighteen of an act entitled "An Act providing when how upon what property and to what extent liens shall be allowed for taxes and for municipal improvements and for the removal of nuisances the procedure upon such claims filed thereof the methods for preserving such liens and enforcing payment of such claims the effect of judicial sales of the properties liened and the manner of distributing the proceeds of such sales" approved June fourth one thousand nine hundred and one as the same was amended by an act entitled "An Act providing when how upon what property and to what extent liens shall be allowed for taxes and for municipal improvements and for the removal of nuisances the procedure upon claims filed therefor the methods for preserving such liens and enforcing payment of such claims the effect of judicial sales of the properties liened and the manner of disuting the proceeds of such sales" approved the fourth day June Anno Domini one thousand nine hundred and one" roved May sixth one thousand nine hundred and nine by nging the method of service by advertisement upon writs scire facias issued upon municipal and tax claims

he act sought to be amended provides for advertising "once week for three successive weeks." In the case of persons inst whom the writ is issued, who cannot be found, or whose residences are unknown, in order to sustain the judgment or scire facias therein provided for. The amendment poses to eliminate such advertisement, and substitute therefor a single advertisement.

nce a week for three successive weeks is the usual advertisement required in similar statutes, and I can see no occasion for shortening the time in order to sustain a judgment n a scire facias of this character, against persons who can- be found, or whose residences are unknown.

COMMUNICATIONS FROM THE GOVERNOR.

The Private Secretary of the Governor being introduced presented the following communication from his Excellency the Governor, which was read as follows, viz.:

VETO OF HOUSE BILL NO. 206.

Commonwealth of Pennsylvania,
Executive Chamber, Harrisburg, Pa., April 29, 1911.

To the Honorable, the House of Representatives, of the Commonwealth of Pennsylvania:

entlemen:—I return herewith, without my approval, House Bill No. 206, entitled:

n act relating to receipts or certificates issued by the owner of distillery warehouses special bonded warehouses and bonded warehouses established under the provisions of the revised statutes of the United States relating to distilleries providing that such receipts or certificates shall be in all respects valid warehouse receipts or certificates and providing for the payment of taxes storage and other charges or liens thereon to the United States Government

his bill applies not only to certificates or receipts to be issued hereafter, but to those which have been issued heretofore. The retroactive feature might operate to change the vested title to personal property in cases where under existing law the mere delivery of the warehouse receipt would not pass the title in the property sold without the actual delivery of the thing so.

the Courts should hold in the particular case that under the existing law the mere delivery of the receipt or certificate does pass title, then the retroactive provision of the bill is of no use wrereas if the existing law be that the mere delivery of such receipt or certificate does not pass the title in the particular case, this bill might operate injuriously as above stated.

For these reasons the bill is not approved.

JOHN K. TENER.

NAYS—3.

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, That the Clerk return the same to the Senate with information that the House has passed the same with amendments in which the concurrence of the Senate is requested.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 541 (Senate No. 318), entitled:

A supplement to an act entitled "An Act for the government of cities of the second class" approved the seventh day of March Anno Domini one thousand nine hundred and one creating and regulating a city planning department giving it jurisdiction extending it over the city and for three miles beyond the city limits and regulating the laying out of plans of lots within its jurisdiction

On the question,

Will the House agree to the bill on third reading?

Mr. ALTER. Mr. Speaker, I do not like the looks of this bill. This bill provides for a city planning commission to be appointed by the mayor of each second-class city, and it appears to me that if that city planning commission has absolute jurisdiction over the laying out of plans, and plotting the location of streets in connection therewith throughout the city, and for three miles beyond the city limits, this will enable the city of Pittsburg to have a planning commission appointed by the mayor that will manage the laying out of lots in a considerable part of the boroughs in my district. Unless the gentlemen who are friendly to this bill will cause it to be postponed, I would urge the members to vote against it. I am quite willing to have it postponed so that it can be further explained if the friends desire it.

BILL POSTPONED.

Mr. McCLUNG. Mr. Speaker, I move that further consideration of this bill be postponed for the present.

Mr. MALIE. Mr. Speaker, I second the motion.

The motion was agreed to.

NAYS—0.

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, That the Clerk return the same to the Senate with information that the House has passed the same with amendments in which the concurrence of the Senate is requested.

RECONSIDERATION OF VOTE ON SENATE BILL NO. 392.

Mr. STEIN. Mr. Speaker, I move that the vote by which Senate Bill No. 392, entitled:

An act permitting county treasurers not paid by salary to retain one-half of one per centum from moneys received from liquor license fees

was defeated on final passage, be reconsidered.

Mr. CARTER. Mr. Speaker, I second the motion.

The motion was agreed to.

On the question recurring,

Shall the bill pass finally?

Mr. STEIN. Mr. Speaker and gentlemen of the House, may I indulge your attention for a few moments to reconsider Senate Bill No. 392, at the top of page three of today's calendar. This bill, as shown by its title, permits county treasurers, in counties where they are not paid any salary, to retain one-half of one per cent. of the monies received from the liquor licenses. You gentlemen here are dobtless aware that in the small counties where the county treasurer receives no salary, particularly at the present time have the handling of large sums of money, aggregating hundreds of thousands of dollars. For this service they receive absolutely no compensation, and you gentlemen, I am sure, will agree that this is hardly fair. This bill has passed the Senate. It was introduced there by Senator Clark, and it is the desire of all the smaller counties, operating under the present system, to give the county treasurer some compensation for this work. I therefore ask the gentlemen of this House to pass this bill.

Mr. DETZEL. Mr. Speaker and gentlemen of the House, I wish to say that I have a similar bill on the third reading postponed calendar. The bill has been on the calendar, and was threshed out for five or six weeks, and I have heard only one objection to it. This came from my friend from Washington, Mr. Holland. He said that he would like to take this bill up with his people at home. I said I had no objection, and if he did not hear from them by the time it was reached, that he had my permission to put it on the postponed calendar, which he did. When I returned yesterday he said, "I have no objections, Detzell, fire your gun." Those were his words. I was really surprised at the result, not hearing any objections, and for that reason I did not make any remarks on the bill. I have no axe to grind in this matter. The county treasurer of the County of Erie is handling all this money, and is not receiving a single cent for it. This bill does not apply to counties where the treasurers are paid a salary. Now, the county treasurer in Erie County is a Republican; in other words, the office is a Republican office. There has not been a Democratic county treasurer in Erie County for twenty years or more, and I do not believe that there ever will be a Democrat elected to that office. Therefore, gentlemen, it is simply oue of fairness that I ask you to pass this bill. I think the man is entitled to some consideration for handling this money, and that is the reason why I presented the bill in this House, and I hope, gentlemen, you will vote for the bill.

Mr. HOLLAND. Mr. Speaker and gentlemen of the House, I merely rise to say that since my name has been mentioned in this connection, I did not file any objection to the bill, but I asked the gentleman from Erie to hold the bill in abeyance until I could correspond with parties in my own county. I did so. I am here to state this morning that I am going to vote for this bill, and ask every other member to vote for it.

Shall the bill pass finally?

NAYS—0.

The majority required by the Constitution having voted the affirmative, the question was determined in the irmative.

Ordered, That the Clerk present the same to the Senate concurrence.

Agreeably to order,

The House proceeded to the third reading and consid- ation of House Bill No. 557, entitled:

An act to authorize the use of a haul seine in tide water eams wholly within this Commonwealth under certain nditions for the capture of carp suckers mullets and tfish and providing penalties for the violation of the act

On the question,

Will the House agree to the bill on third reading?

Mr. MILLS. Mr. Speaker and gentlemen of the House, wish to call the attention of the House to the bill now der consideration, inasmuch as it allows the use of nes in the streams of the Commonwealth for the pur- se of taking out fish. It has been the policy of the State of nnsylvania for a number of years to abolish the use seines in streams inhabited by game fish. This is be- use the fishermen in using seines in the public waters nove the game fish, and there are absolutely no game h left in the streams. In the hauling of a seine, the me fish get onto the seines and are removed from the eams, and the fishermen are deprived of the sport of hing for game fish. It would also mean that all the rk of the Fisheries Department woould go for naught. hink the members of this House, in justice to the Fish- es Department and the fishermen of this state, should feat this bill.

Mr. R. J. BALDWIN. If the remarks of the gentle- n were correct in their application to this bill, I would with him voting against the bill. The gentleman, I nk, certainly misunderstands the provisions of this bill. e provision allowing the use of a seine under this bill confined entirely to tide waters of the State of Penn- vania. It only applies to three little streams, two in laware County and one above Philadelphia. The one ove Philadelphia is not of much account. In Delaware unty the tide water reaches back into three small eks, Darby creek, Chester creek and Cobb's creek, three all tributaries of the Delaware river, streams in which re are no game fish whatever. This bill permits during winter months the right to take out of these streams fish that are in them. There is no use saying any- ng about game fish, because there are no game fish in se streams. This bill was submitted to the Fisheries De- tment of the State, and was approved by the Fish nmissioner as being a proper piece of legislation, allow- the poor fishermen down along the Delaware river—and umber of men there follow that for a living—in the win- months to use a seine to take out these fish, allowing use of these seines to be used only so far as the tide ks up these three streams of the entire waters of the te of Pennsylvania. It will not effect the game fish, ause there are no game fish there, and it has no ap- ation to any other stream in the state. This is merely a stion of whether or not this House thinks that these ermen should be permitted to take the fish out of these eams.

he question recurring,

Vill the House agree to the bill on third reading?

t was agreed to.

And said bill having been read at length the third time, considered and agreed to.

Shall the bill pass finally?

RECONSIDERATION OF VOTE ON HOUSE BILL NO. 534.

Mr. V. GILPIN ROBINSON. Mr. Speaker.

The SPEAKER. The gentleman from Delaware, M V. Gilpin Robinson.

Mr. V. GILPIN ROBINSON. Mr. Speaker, I move th the vote by which House Bill No. 534, file folio 2949, e titled:

An act fixing the salary of the second assistant Sta Librarian

from page 1 of to-day's calendar was defeated on final pa sage be reconsidered.

Mr. WILLIAMS. Mr. Speaker, I second the motion.

The motion was agreed to.

On the question,

Shall the bill pass finally?

Mr. TUNIS. Mr. Speaker.

The SPEAKER. The gentleman from Dauphin, M Tunis.

Mr. TUNIS. Mr. Speaker, when this bill came up f final passage there were but one hundred and twenty-s votes in the House. I don't belive that the members rea understood how much merit there was in the bill. It true we have passed a great many "salary raisers," a whether they were all justified or not I am not here say. This bill provides for the increase of the salary of t second assistant state librarian, making it twenty-fo hundred dollars. This salary has not been changed with a period of twenty-two years. When this office was c ated the attorney general of the state was receiving a s ary of twenty-five hundred dollars a year; now he g $12,000. The Auditor General's salary and the salary the Secretary of Internal Affairs both have been rais from $3.000 a year to $8,000 a year, and so down alo many of the various offices there has been an increase which there has been no serious objection. If there is a salary in this state to-day that should be raised and th deserves to stand on its merits, it is the salary in this po tion. There is merit in the work given to this great Co monwealth in this particular office and this particular s ary is deserved. I ask the members of this House rega less of party affiliations to kindly support this measure.

On the question,

Shall the bill pass finally?

Mr. KEISTER. Mr. Speaker, among all of the sala raiser that have preceded this bill upon our calendars, a among others that are to follow, this one savors more real merit than all the rest. It would be paying litt credit to the boasted intelligence of this House if th statement were not admitted to be true.

We have advanced the salaries of the judges of our se eral courts, of various heads of departments, the chiefs bureaus, and clerks and messengers galore. We no dou believed that in making those increases we were keepi abreast of the times, and that the salaries asked for we reasonable and in keeping with the advance and growth our great Commonwealth.

The public in general, and the members of the prese legislature, wants and demands that economy be shown the conduct of the public business, but it does not want at the expense of the poor laborer—the employes who ke the machinery going.

The bill now under consideration, Mr. Speaker, tak care of the labor employed in the Department of Groun and Buildings, and I want to say, Mr. Speaker, that on a count of the low salaries paid that it affects the constit ency I have the honor to represent, in part, upon this flo more than any other. This bill does not affect the sala of the head of the department, or any of his subordinat now receiving a salary of $1,000 or more.

These men, Mr. Speaker, now receiving salaries rangi from $300 to $900 a year, are here to-day asking for i creases ranging from $400 to $1,000. They are here i portuning you, gentlemen of the House, to give the enough for their wage that they might live, take care their families and pay their bills.

I know, Mr. Speaker, that public sentiment is in fav of the increases advocated in this bill, and I know al Mr. Speaker, that public sentiment is a force to be rec oned with.

It has been stated by the press that this bill creat jobs galore. This statement I want to say to the gent men of the House is not borne out by the facts. Eve position named in this bill, with the exception of one cle to the chief engineer at $1,000 per year, and two charm at $720 a year, has been provided for by the acts of 19 and 1909, and the labor is now employed under those ac

The clerk to the chief engineer is deemed an absolu necessity for the proper conduct of the business of th office, and I have been informed by the department th the two charmen asked for are absolutely necessary. T very moderate increases asked for in this bill, not one a vance asked for being so that the salary paid shall excel the sum of $1,000 per year, it seems to me should be argument in favor of the fairness of the measure and insure its passage.

Now, Mr. Speaker, I have prepared a statement in r erence to each item covered by this bill, and I will pleased, if any of the gentlemen are in doubt as to a of the provisions of this bill, to answer any interrogator that may be put forth. I belive that this is a meritorio measure, Mr. Speaker, and that the House should pass it

Mr. SCHOFIELD. Mr. Speaker, I desire to interrog the gentleman from Dauphin.

The SPEAKER. Will the gentleman from Dauphin, Mr. Keister, allow himself to be interrogated?

Mr. KEISTER. Certainly, Mr. Speaker.

Mr. SCHOFIELD. Mr. Speaker, I could not hear the gentleman from Dauphin very distinctly on account of the general confusion in the House. I would like him to tell the members of the House how many new employees this bill provides for, and how much money in addition to what they get now is provided for.

Mr. KEISTER. Mr. Speaker, I want to say that the total increase provided for in this bill amounts to a little more than eighteen thousand dollars a year, covering hundreds of employees—I cannot say exactly how many employees.

It provides, also, in reply to the gentleman, for three new positions; one a clerk to the chief engineer, who will be employed in keeping the records of the chief engineer's office, and two extra charmen; and Mr. Speaker, as I understand it the clerk to the chief engineer is now employed and paid from the contingent fund of the department. It means practically an increase of two men.

Mr. Speaker, I want to say further, too, that the charmen wroking around here make fifty dollars a month. I want to submit to the good common sense of the House as to whether a Commonwealth as large as ours should ask a man to come here and work for fifty dollars a month. It looks ridiculous in these days when the cost of living has advanced, and when everybody has had their wages advanced during the last ten years. This only makes it sixty dollars a month; gives them an advance of ten dollars a month, and the other increase are in proportion.

Mr. JAMES C. JOHNSTON. Mr. Speaker and gentlemen of the House, it happened to be my privilege to be secretary of the committee that considered this bill, and the committee were very much concerned about it, and while before the committee it was held over, and the chirman of the committee and myself went to the Superintendent of Public Grounds and Buildings for information, and we found that no one is asking for an increase of salary that now gets one thousand dollars or more. It covers those who receive less than one thousand dollars a year, even to the cook of the Executive mansion. There are about one hundred and sixty employees in the entire department and the total increase is about eighteen thousand dollars, and it makes on an average an increase of two dollars a week, or about one hundred dollars a year, to each of those affected. It struck us, after we had gone over the matter in committee, as being very fair.

I do not know of any bill that has been presented to the House in the way of increases of salary that more people receive the benefit of the same expenditure at the state's expense.

On the question,

Will the House agree to the bill on third reading?

Mr. ROBINSON. Mr. Speaker, I would like to interrogate the gentleman who is sponsor for this bill, Mr. Rath.

BILL POSTPONED.

Mr. STEIN. Mr. Speaker, in the absence of Mr. Rath, who introduced this bill, I move that further consideration of it be postponed for the present.

Mr. WILLIAM CONNER. Mr. Speaker, I second the motion.

The motion was agreed to.

BILL ON THIRD READING.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 571, entitled:

An act regulating the returns of constables in boroughs and townships providing for reports by them of violations of the law providing for their services in aid of the district attorney and fixing the compensation therefor payable out of the proper county treasury

On the question,

Will the House agree to the bill on third reading?

Mr. DERSHEM. Mr. Speaker, I should like to interrogate the author of this bill.

The SPEAKER. Will the gentleman from Bradford, Mr. Mills, allow himself to be interrogated?

Mr. MILLS. With pleasure, Mr. Speaker.

Mr. DERSHEM. Mr. Speaker, this bill would change a law that has been on our statute books for many years, and I would like to know the necessity for this change at this time.

Mr. MILLS. Mr. Speaker, I would state for the benefit of the gentlemen and members of the House that the law providing for constables to make returns to the Court of Quarter Sessions has probably been in existence since the time when we first went to Palestine. There has been absolutely no necessity for the law, Mr. Speaker. The constables from boroughs and townships are required by law to make quarterly returns to the Quarter Sessions Courts in all counties in the State. Their duty is supposed to be to return all violations of the law and probably one return out of one thousand reports a violation of the law to the court, and it simply amounts to a holiday for the constables at the expense of the county. I dare say that the average cost to the counties of the State for these constable returns is ten thousand dollars a year, and it is absolutely useless and valueless. It is an ornamentation upon the law of Pennsylvania, which as I said has for all time outgrown its usefulness. This bill provides that for each violation of the law occurring in any bailiwick in the Commonwealth it becomes his duty at that time to make return to the district attorney and then the district attorney takes action, and summons the constable to come to the county seat, for which service the constable receives his per diem pay and his mileage. It simply means that constables shall not make their return unless they have something to return; that is, they have no cause to go to the county seats four times in the year when there is nothing to call them there and nothing to return.

Mr. DERSHEM. Mr. Speaker, I would like to further interrogate the gentleman.

The SPEAKER. Will the gentleman permit himself to be further interrogated?

Mr. MILLS. Certainly, Mr. Speaker.

Mr. DERSHEM. Mr. Speaker, I should like to know how the courts would learn of the conditions of the roads and how they would learn of the liquor violations that may be perpetrated in their districts if these men do not come to court and are asked personally by the court those questions?

Mr. MILLS. Mr. Speaker, this bill provides that any violations which occur in the bailiwick of the constables shall be immediately reported to the prosecuting officers of the county, and then it becomes his duty to take the necessary steps for the prosecution of crime or apprehend the offender, the same as the law now is.

Mr. SCHOFIELD. Mr. Speaker, I would like to interrogate the gentleman from Bradford, Mr. Mills.

The SPEAKER. Will the gentleman allow himself to be interrogated?

Mr. MILLS. Yes, sir, Mr. Speaker.

Mr. SCHOFIELD. Mr. Speaker, I would like to ask the gentleman whether this bill does away with the quarterly returns entirely?

Mr. MILLS. Mr. Speaker, in toto.

Mr. STEIN. Mr. Speaker, I would like to interrogate the gentleman from Bradford.

The SPEAKER. Will the gentleman allow himself to be further interrogated?

Mr. MILLS. With pleasure, Mr. Speaker.

Mr. STEIN. Mr. Speaker, I would like to ask the gentleman how in the counties of Allegheny and Philadelphia would the return of the constables be regulated. Will it be a matter of daily occurrence or quarterly as now, or how?

Mr. MILLS. Mr. Speaker, it all depends upon how prevalent the crime is in the cities of Pittsburg and Philadelphia. If it occurs every day, they would have to make return every day.

Mr. WILSON. Mr. Speaker, I would like to interrogate the gentleman from Bradford.

The SPEAKER. Will the gentleman permit himself to be interrogated?

Mr. MILLS. Yes, sir, Mr. Speaker.

Mr. WILSON. Mr. Speaker, I would like to ask the gentleman in what way the judges if they found it necessary to instruct their constables along certain lines, which often occurs, how they would manage to do it if they were not there in court time?

Mr. MILLS. Mr. Speaker, through a summons, by the district attorney or through correspondence in the mail.

Mr. KNIGHT. Mr. Speaker, I would like to further interrogate the gentleman.

The SPEAKER. Will the gentleman permit himself to be interrogated?

Mr. MILLS. Yes, sir, Mr. Speaker.

Mr. KNIGHT. Mr. Speaker, I would like to know what we are going to gain by repealing that law and establishing this one.

Mr. MILLS. Mr. Speaker, each county will gain ten thousand dollars a year.

Mr. KNIGHT. How, Mr. Speaker.

Mr. MILLS. By the saving of the cost of expenses which the county is put to by this item of constables' quarterly returns.

And said bill having been read at length the third time, considered and agreed to.

Shall the bill pass finally?

NAYS—0.

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, That the Clerk return the same to the Senate with information that the House has passed the same without amendment.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 575 (Senate No. 381), as follows:

An act making it lawful for any street railway company incorporated under the act of May fourteenth Anno Domini one thousand eight hundred and eighty-nine entitled "An Act to provide for the incorporation and government of street railway companies in this Commonwealth" and its amendments and supplements for the purpose of re-locating or straightening its lines to construct and maintain its tracks and operate its street railway over certain streets or portions thereof without the consent of the municipal authorities of such borough in any borough in which it is lawfully operating its railway

Section 1 Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met and it is hereby enacted by the authority of the same That from and after the passage of this act it shall be lawful for any street railway company incorporated under the Act of Assembly entitled "An Act to provide for the incorporation and government of street railway companies in this Commonwealth" approved the fourteenth day of May Anno Domini one thousand eight hundred and eighty-nine and its supplements and amendments for the purpose of re-locating or straightening its lines of street railway in any borough in which it may have lawfully located the same or in which it may hereafter lawfully locate the same and in which it is operating its line of street railway to construct and maintain its tracks and operate its street railway over and along any street or portion thereof not exceeding five hundred (500) feet in length without the consent of the municipal authorities of the said borough so to do provided that before any portion of any street shall be so occupied by any street railway company it shall first obtain the written consent of the owners of at least fifty-one per centum of the number of feet of the land fronting and abutting on the portion of the said street so to be occupied

On the question,

Will the House agree to the bill on third reading?

Mr. V. GILPIN ROBINSON. Mr. Speaker, it is very apparent from this bill that it is an attempt to abridge a constitutional right which is given to boroughs. Section 9 of article 17 of the State Constitution provides that no street passenger railway shall be constructed within the limits of any city, borough or township without the consent of its local authorities. Now this bill attempts to take away from the borough that constitutional control where street railway company proposes to re-locate or straight its lines. Is that wise legislation? We all know the gre advantage it has been to boroughs to have the constit tional right to say that a street railway shall not occu its highway without its consent, and that is the power th is put into the councils and the authorities to protect a conserve the interests of the municipality when that co sent is obtained, because it is obtained upon terms. N infrequently it happens that through inexperience, possibl or anxiety or otherwise, the borough authorities have n secured as much for the municipality as they might othe wise have done, and the only opportunity it has square itself and recover the advantage which has be thrown away is when a street railway comes back and a plies to the council for permission to make some change its track upon the face of the street or highway. This b provides that where a street railway finds it necessary re-locate or straighten its lines upon the streets of any b ough, it need not come back to the borough for its conse and therefore, the borough is deprived of the opportuni of imposing conditions which would be for the public be fit when this application is made.

It is true that it is provided further along in the b that this shall only apply where the re-location does not e ceed five hundred feet. Five hundred feet would be possib between one and two blocks, and there would not be ve much difficulty, I take it, in making the location. Anoth provision is, and it looks very fair upon its face, that th shall not be done without the consent of fifty-one per ce of the property owners—the written consent of fifty-one p cent. of the property owners of the land fronting and ab ting on the portion of the street to be occupied. Possib the railway company or those interested in the railw company may own that fifty-one per cent. What the m nicipality is interested in is the highway, and if upon t occasion of this re-location or of the straightening it h the opportunity to impose reasonable and proper con tions upon the street railway company for the preservati or maintenance or the putting in proper condition of t highway upon the street railway is to be re-located straightened, it has the opportunity to protect the muni pality. Every gentleman in this House who has in his d trict any boroughs is interested enough to examine this b with the greatest degree of care, bcause I respectfully s mit it is attempting, through an act of this Legislature, take away from the boroughs a constitutional right, and right which is exceedingly valuable to them, and it see to me that this bill ought not to have the support of t House.

The question recurring,

Will the House agree to the bill on third reading?

It was agreed to.

The majority required by the Constitution having voted the affirmative, the question was determined in the irmative.

Ordered, That the Clerk present the same to the Senate concurrence.

Agreeably to order,

The House proceeded to the third reading and considera- n of House Bill No. 579, entitled:

An act amending an act entitled "An Act to designate number of councilmen to be elected in the several bor- ghs of the Commonwealth not divided into wards to pro- e for their election and for the filling of vacancies and fix the length of term for which they shall serve" ap- ved May twenty-second one thousand eight hundred and ety-five

On the question,

Will the House agree to the bill on third reading?

Mr. SCHULTZ. Mr. Speaker, I would like to interrogate gentleman who is sponsor for this bill.

The SPEAKER. The gentleman from Delaware, Mr. dwin, who is sponsor for this bill is not present.

Mr. V. GILPIN ROBINSON. Mr. Speaker, in the absence of Mr. R. J. Baldwin, if there is any inquiry with respect to this bill I think I can answer it.

Mr. SCHULTZ. Mr. Speaker, if this bill would pass the House, the Court would take this out of the hands of the councils of the different boroughs and put it up to the judges of the county to appoint the councilmen. I would like the gentleman from Delaware, Mr. Robinson, to explain why he makes this change.

Mr. V. GILPIN ROBINSON. Mr. Speaker, in response to the inquiry I would say that the reason for this change is that under the act which is sought to be amended there is no provision by which a vacancy can be filled where the council is tied. There is such a case in Delaware county at this time, and it was at the request of the councilmen, there being a tie, I believe three Democrats and three Republicans—so it was a party tie—that we were asked to introduce this bill in order to supply the vacancy, and in looking at the act which this bill is intended to amend, there is no provision made for the filling of a vacancy in common councils where there is a tie, and this bill was prepared in harmony with similar legislation which provides that in such cases a petition shall be presented to the court and the court shall name a person to fill the vacancy. There is at the present time a tie in councils in one of the boroughs of Delaware county, three votes one way and three votes another way. There are seven councilmen, and there is a vacancy. They are unable to fill this vacancy, and this is to provide them with a legal method of filling the vacancies by having a petition presented to the court, as is the method in other cases where there is a tie in a municipal party.

Mr. SCHULTZ. Mr. Speaker, I would like to further interrogate the gentleman. I would like to ask the gentleman that in a case of a tie in the councils at this time who would make the appointment?

Mr. V. GILPIN ROBINSON. Mr. Speaker, a petition would be presented to the court under this act, and the court would make the appointment. That would be a petition of the citizens, and presumably, following the usual practice, the court would appoint a person to fill a vacancy of the same political party as the gentleman who had occupied the position made vacant.

Mr. SCHULTZ. Mr. Speaker, I do not think the gentleman quite understands me. I ask who makes the appointment at the present time?

Mr. V. GILPIN ROBINSON. Mr. Speaker, at the present time council makes the appointment where a majority vote can be had.

Mr. SCHULTZ. Mr. Speaker, I think it would be much safer to leave it to the councils instead of taking it to the judge. It brings it closer to the people at home, and they would know better what person they wanted to fill the vacancy than the judge would, and I therefore hope the House will vote this bill down.

Mr. V. GILPIN ROBINSON. Mr. Speaker, in answer to that criticism I would say that that is the difficulty that is being set about to remedy by this bill. That difficulty is that the council cannot do that because there is a tie, and therefore it is impossible for them to fill the vacancy unless either the one side or the other withdraws, and as neither are willing, this bill follows the practice in such cases by putting it up to the court to fill the vacancy upon the petition of the citizens and it is the usual custom and practice to have an appointment of a gentleman of the same political party.

Mr. SCHULTZ. Mr. Speaker, I understand that if there is a tie in any councils of the different towns, the mayor or the burgess generally makes the appointment.

Mr. R. J. BALDWIN. Mr. Speaker, I am not certain that the House understands this bill, it simply means that where there is a vacancy in the borough council, which sometimes results in a tie in these councils that, after many ballots failing to fill the vacancy, after thirty days, they are entitled to present a petition to the court and ask the court to fill the vacancy. That is all the bill consists of.

The question recurring,

Will the House agree to the bill on third reading?

It was agreed to.

It was not agreed to.

Agreeably to order,

The House proceeded to the third reading and consiration of House Bill No. 584 (Senate No. 409), entitled:

An act to authorize the publication of the report o the late Dr. Leonard Pearson upon the discovery and sup es-on of the outbreak of foot and mouth disease among cattle ı Pennsylvania during the fall of one thousand nine hun-red and eight as a bulletin of the Department of Agricul-ıre and providing for the distribution of the same

BILL POSTPONED.

On the question,

Will the House agree to the bill on third reading?

Mr. REEL. Mr. Speaker, I move that the further con-deration of this bill be postponed for the present.

Mr. WELCH. Mr. Speaker, I second the motion.

BILLS ON THIRD READING.

Agreeably to order,

The House proceeded to the third reading and considera-on of House Bill No. 585 (Senate No. 167), entitled:

An act relating to treasurer's sales of land for taxes ıaking the prothonotary's certificate of acknowledgment ndorsed on the deed or the record thereof when such deed ıall have been recorded prima facie evidence of such ac-nowledgment

On the question,

Will the House agree to the bill on third reading?

Mr. STEIN. Mr. Speaker, I would like to interrogate the ponsor of this bill.

The SPEAKER. Will the gentltman from Warren, Mr. chofield, permit himself to be interrogated?

Mr. SCHOFIELD. I will.

Mr. STEIN. Mr. Speaker, in connection with this bill want to call the attention of the House to Senate Bill o. 347 which was passed a few days ago in this House, be-ıg a bill introduced by Senator Huffman, which carries the ıme provisions.

Mr. SCHOFIELD. Mr. Speaker, the bill introduced by enator Huffman relates to sheriff's deeds. This has no elation to sheriff's deeds, but relates to treasurer's deeds, ıd is an entirely different matter. I have been requested y Senator Knapp, who represents Warren county, in his enatorial district, to explain this bill for the House. In ıe interior counties where taxes are not paid on vacant ınd, that is on land not built upon, the land goes to the easurers of the counties, and the land is put up for sale ıd is sold for the taxes. The treasurer has probably fty or a hundred of these deeds for the different pieces land sold, and the various purchasers acknowledge the eeds, and the prothonotary certifies to them the same as notary public, and you cannot get the judge, of course, sign each jurat or acknowledgement. This has been the ractice for many years, and the practice was never con-ıted until recently a judge from McKean county, sitting ı Forrest County, declared that was not a proper acknowl-lgment, that it was not a prima facie valid acknowledg-ıent and held that it had to be proven outside of that. was almost impossible to do that, and the bill of Senator uffman is simply the same as that which refers to sheriff's eeds, and the practice is identically the same. This is to ıake the prothonotary's cetificate on the deeds prima facie vidence that it has been acknowledged before the court.

The question recurring,

Will the House agree to the bill on third reading?

It was agreed to.

And said bill having been read at length the third time, onsidered and agreed to.

On the question,

Shall the bill pass finally?

Agreeably to the provisions of the Constitution, the yeas nd nays were taken and were as follows, viz:

BILLS ON THIRD READING.

Mr. SHERN. Mr. Speaker, I desire to call up House Bill No. 593, file folio 2991, page 2 of to-day's calendar, bills on third reading, postponed this morning.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 539, entitled:

An act to amend the first section of an act entitled "An Act increasing the salaries of tipstaves in the courts of any county in this Commonwealth having a population of not less than five hundred thousand" approved the thirtieth day of May Anno Domini one thousand eight hundred and ninety-five by changing the limit of population of such counties and increasing the minimum and maximum limits of said salaries

On the question,

Will the House agree to the bill on third reading?

Mr. SHERN. Mr. Speaker, I desire for the benefit of the House to state that this is an unusual salary raiser. If this bill passes the amount of $200 to each tipstaff a year will be paid by the County Treasurer of the City of Philadelphia. I calculate that it amounts to a total of thirteen thousand dollars, but this state does not bear a particle of the expense.

NAYS—0.

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, That the Clerk present the same to the Senate for concurrence.

Mr. WALLACE. Mr. Speaker, I desire to call up House Bill No. 165, file folio 687, from page 18, to-day's calendar, bills on third reading postponed for the present.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 165, entitled:

A further supplement to an act entitled "An act supplementary to an act entitled 'An act enabling the burgess and council of any borough or incorporated town by ordinance to annex to the borough or incorporated town adjacent territory upon petition of a majority of the freehold owners thereof" approved the twenty-second day of April Anno Domini one thousand nine hundred and three enabling the burgess and council of any borough or incorporated town by ordinance to annex to the borough or incorporated town adjacent territory in the same or adjoining county upon petition of a majority of the freehold owners thereof" so that the territory annexed from an adjoining county shall be in and become a part of the county in which the original borough is situate for all purposes whatever

On the question,

Will the House agree to the bill on third reading?

Mr. WALLACE. Mr. Speaker.

The SPEAKER. The gentleman from Lawrence, Mr. Wallace.

Mr. WALLACE. Mr. Speaker, just a word of explanation in regard to this bill. The law as it stands at the present time on our statute books allows everything that is provided for in this bill. This bill is not making any new law. Boroughs now under the law to annex territory in an adjoining county provide for those counties adjacent to that borough, but they cannot annex that territory without the consent of the people in the territory to be annexed. That is the law at the present time and I believe that it is a very proper provision. The only change that this bill makes in the present law, that is, under the present law, as it now stands is unnecessary in a district or in a borough that wishes to be annexed, and be a part of an adjoining county—they have two election boards one for county purposes and one for borough purposes and it leaves things in a kind of muddle, as you all will realize that it would have to be a very unwise thing to have two election boards sitting in the same district—one for county purposes and one for borough purposes. The only change that this bill makes is as follows: In the original law as it now stands it provides that the territory "which section shall after the filing of the matter as aforesaid be deemed part of said borough or town and subject to its jurisdiction and government. That is the law as it now stands.

This bill as amended reads "such territory borough or town as aforesaid so annexed from an adjoining county or counties shall thereupon be in and become a part of the county in which the said original borough or incorporated town is situate for all and every purpose whatever." I can see no reason why we should annex for borough purposes a part of an adjoining county and still leave it in the county for county purposes. Why should you have two election districts? Why should you have people living in part of a borough and have that borough annexed for county purposes? It is for the correction of this muddle under the present law that this slight amendment is introduced.

Mr. RENO. Mr. Speaker, I think this is probably the most revolutionary kind of a bill that has been introduced in this session of the Assembly, and I say this advisedly. The Assembly of Pennsylvania has by a series of statutes regulated the manner in which counties are to be erected. There is a prescribed method whereby the boundary line between counties are to be laid out. It is in its constitution set forth as to the manner whereby new counties are to be erected under certain limitations. This act proposes by a few words to strike out the whole system of statutes and statuary law regulating the making of boundaries. I call the attention of the House to this fact, that if this bill becomes a law the boundary lines of our counties will become a shifting line—that line will shift every time that a portion of the citizenship of a certain county desires to be annexed to another county, and if there is a convenient borough into which it can be annexed and if the adjacent borough is willing to have a larger territory or a greater revenue or a larger population it will annex this seceding portion of the county.

I desire to know this: Suppose a certain portion of my county decides to be annexed to an adjoining county and it becomes annexed to an adjoining borough, then I desire to know whether that borough is going to be a part of the county with a bonded indebtedness and are the people in that portion of the county for whom money has been raised by bond issue, for whom money has been expended for improvement, bridges, etc., are they to be allowed to go over into another county, having a lower rate of taxation, having no bonded indebtedness and escape the burden of the county of which they are a part. Mr. Speaker, I think that if this matter is given serious consideration that there won't be any other answer except that the bill is a vicious one and ought to be defeated.

Mr. GEORGE A. BALDWIN. Mr. Speaker, I desire to interrogate the gentleman from Lawrence.

The SPEAKER. Will the gentleman from Lawrence, Mr. Wallace, permit himself to be interrogated?

Mr. WALLACE. Yes, sir.

Mr. GEORGE A. BALDWIN. Mr. Speaker, I would like to ask the gentleman if this bill is not being introduced and has he not been asked to see to have it passed because a little borough wants to take in a piece of Beaver county.

Mr. WALLACE. I am not so informed.

Mr. GEORGE A. BALDWIN. Mr. Speaker, I desire to ask whether it is not a fact that Elwood City that has just a few people living there who own real estate, that it is the object of these people to make a real estate speculation.

Mr. WALLACE. I cannot answer the question. The borough of Elwood City is not in my county; they sent the resolution to me and asked me to look after the passage of this bill.

Mr. GEORGE A. BALDWIN. Mr. Speaker, is it not a fact that the Lawrence County delegation is not a united delegation in favor of this bill—are you not split up yourselves about it?

Mr. WALLACE. I don't so understand it.

Mr. GEORGE A. BALDWIN. Mr. Speaker and gentlemen of the House this bill is absolutely unconstitutional and for that reason if for no other it ought to be defeated.

On the question,

Will the House agree to the bill on third reading?

It was not agreed to, and the bills falls.

BILL ON FINAL PASSAGE.

Mr. RICHARDS. Mr. Speaker, I desire to call up House Bill No. 653, file folio 4899, from page 24 of to-day's calendar, bils on final passage.

Agreeably to order.

The House proceeded to the consideration on final passage of House Bill No. 653, as follows:

An Act to repeal an act approved the third day of April Anno Domini one thousand eight hundred and seventy-two entitled "An Act to allow the voters of the townships of West Deer East Deer Pine Richland Harrison North Versailles South Versailles North Fayette South Fayette and Kilbuck in the county of Allegheny to vote for or against the issuing of licenses for the sale of intoxicating liquors within the said townships" so far as its provisions relate to the said townships of Pine Harrison North Versailles North Fayette and South Fayette

Section 1 Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met and it is hereby enacted by the authority of the same That an act approved the third day of April Anno Domini one thousand eight hundred and seventy-two entitled "An Act to allow the voters of the townships of West Deer East Deer Pine Richland Harrison North Versailles South Versailles North Fayette South Fayette and Kilbuck in the county of Allegheny to vote for or against the issuing of licenses for the sale of intoxicating liquors within the said townships" so far as its provisions relate to the said townships of Pine Harrison North Versailles North Fayette and South Fayette be and the same is hereby repealed

Section 2 This act shall not operate to revive any local or special act or acts heretofore expressly or impliedly repealed by said act approved the third day of April Anno Domini one thousand eight hundred and seventy-two

On the question,

Shall the bill pass finally?

Mr. M. CLYDE KELLY. Mr. Speaker.

The SPEAKER. The gentleman from Allegheny, Mr. M. Clyde Kelly.

Mr. M. CLYDE KELLY. Mr. Speaker and gentlemen of the House, one of these townships is located in the district which I represent. Now, the question before us in this bill is not a question of reform; it is merely a question of policy. It is not a question of changing conditions. It is a revolutionary procedure. I want to say that the people in this township in which I am interested that I don't know of any demand on the part of the people who desire a change of this kind at this time. I don't believe that the people of this kind desire to have this change made. I don't think that they are prepared to go into this thing to overturn a system which is entirely satisfactory at the present time. The people of the district are satisfied with it. This demand which is referred to applies only to a very small portion or a part of the people who are directly interested from a selfish standpoint. There are 61 liquor dealers in this district, and that does not include any one of the thousands of men who have other interests in the township. I don't believe that there is a man in this House but would prefer to stand with the people in that township who are satisfied with it and believe their interests are best served under existing conditions, and that the men of this House would rather stand with them than with the interests of the small class. If however, you gentlemen believe that it is more important to serve the interests of a certain class than it is to serve the people almost entirely of this entire district why then vote for this bill; but if you don't wish to serve this class and wish to take a step forward why you will vote against this bill. If you vote for this bill it is a step very much backward.

Mr. RICHARDS. Mr. Speaker, I just wish to say a few words in explanation in behalf of this bill. As the members of this House well know, previous to the adoption of the Constitution in this state in 1874 special legislation was required under certain conditions. On April 3d, 1872, an act was passed enabling a portion of our county of Allegheny of ten townships to obtain certain provisions. At that time, Mr. Speaker, that particular section of Allegheny County was an entirely agricultural territory. Since that time, however, great manufacturing concerns have been located in at least a portion of this section of our county—such concerns, if you please, as the great Westinghouse Electric and Machine Co., the Allegheny Steel Co., and many other great concerns whch meant a greater population in that particular section with the result that out of the township that the gentleman from Allegheny, Mr. Kelly refers to, there have been created, or incorporated such boroughs as McKeesport and Walls. We are not asking, by this measure an extension of a territory in which licenses are now granted, but we are only asking you gentlemen of the House to place the gentleman who now own licenses and establishments in this particular section of our county to bring them within the operation of the present Brooks law. We are asking you to repeal the act of 1872 so far as it pertains only to five townships, every one of which now have licenses, and the five that don't have licenses, bearing on those five, we have not asked you to repeal that portion of the act. I can see no good reason why those people who now own a license in any part of our county should not all be on the same level and should not all be on the same basis, and why any of them should be burdened any more than the rest. They should not be burdened with the trouble or inconvenience of holding an election every three years. In the great majority of cases, if not in every case, the people of this particular section have voted in favor of a license being granted.

Mr. STEIN. Mr. Speaker. Will the gentleman from Allegheny, my colleague, Mr. M. Clyde Kelly, permit himself to be interrogated?

The SPEAKER. Will the gentleman from Allegheny, Mr. M. Clyde Kelly, permit himself to be interrogated?

Mr. M. CLYDE KELLY. Certainly.

Mr. STEIN. Mr. Speaker I want to ask my colleague, the gentleman from Allegheny, Mr. M. Clyde Kelly, what the vote on this question was in the borough of Rankin a few weeks ago—was it not four hundred and seventy-nine to twelve?

Mr. M. CLYDE KELLY. Mr. Speaker, I know of no election held there for some months to my knowledge.

Mr. STEIN. Mr. Speaker, I will infrom the gentleman that there was an election held there and the vote was 479 to 12. I want to ask the gentleman how he voted on this question previously in this House—yes or no.

Mr. M. CLYDE KELLY. Mr. Speaker, it is perfectly well understood how I voted on this question.

Mr. STEIN. Did the gentleman vote yes or no.

Mr. M. CLYDE KELLY. I voted no on the question of placing a license in Rankin.

Mr. STEIN. Mr. Speaker, the gentleman seems to have a corner on whatever virtue ever emanates from our county and I wish to say that a few months ago an election was held and not an illegal or an unlawful election, but in the broad light of day an election was held in that county in which the vote was 479 to 12—479 voted in favor and the small minority of 12 voted against that proposition. The bill under consideration is almost similar to the bill which passed last week by an overwhelming vote in this House, and I must contradict, unfortunately, my friend and colleague, when he says that it is not the people of the townships and boroughs who will be served by this bill, and I wish to say distinctly that it is their desire and it is a very strong desire and it is their desire for the further reason that they wish to avoid useless elections every three years on this proposition. You well know that a Constitutional amendment passed last session provides that all elections should be held in the odd years. This is a small matter which has been overlooked. It will require a special election in February, 1912, which is entirely unnecessary and too expensive to be of any use. The citizens of this county have asked that this bill be passed, and it is simply a small misinformed portion of this community that does not desire to have this bill passed. All these people desire to have this bill passed and I will ask you to vote for it.

Mr. M. CLYDE KELLY. Mr. Speaker in view of my very close relations to the borough editor of the official newspaper of that borough I think if I were to take up the question of the very apparent vacant mind of my colleague I might impart some information to him. While I claim no monopoly of the virtue of our county or borough I do claim that I have a right to vote in whatever manner and exactly as I think on any question here or elsewhere, and I propose to do so in spite of what the representatives or misrepresentatives may say who may have seats on the floor of this House. I wish to state that the election held in the Rankin borough was entirely unofficial, but if it had been before this body to give a right to the borough or to give any other borough of this state a right to vote yes or no I certainly should have voted as I did. The people of the township to-day have the right to vote either for or against license. This bill would take that away. I ask those who believe in the right or majority rule to vote against this bill.

On the question,

Shall the bill pass finally?

Mr. M. CLYDE KELLEY required a verification of the roll, which upon being verified, was as follows:

Agreeably to the provisions of the Constitution, the yea and nays were taken and were as follows, viz:

Ordered, That the Clerk present the same to the Senate for concurrence.

REASONS FOR VOTING.

Mr. HOLLAND desired to record his reason for voting no in writing, which was as follows:

For the reason that we have no evidence that the people who reside in this territory where the repeal is asked for desire this legislation, which is in evidence from the fact that no signification of it has been held in this said territory for such legislation.

Mr. ABBOT desired to record the following reason for his vote:

As electors of these districts for thirty-nine years have voted upon this matter consistently one way and now desire to relieve their district of the expense of successive advertising of the vote to comply with their option as expressed at the polls.

NAYS—0.

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, That the Clerk present the same to the Senate for concurrence.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 588, entitled:

An act to amend the third section of an act entitled "An act providing for the abolition of the distinction heretofore existing between actions ex-contractu and actions ex-delicto so far as related to procedure and providing for two forms of actions and regulating the pleadings thereunder" approved the twenty-fifth day of May Anno Domini one thousand eight hundred and eighty-seven

BILL POSTPONED.

Mr. EHRHARDT moved that further consideration of this bill be postponed for the present.

The motion was agreed to.

BILLS ON THIRD READING.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 589, entitled:

An act to amend the second section of an act entitled "An act to provide for the health and safety in certain employments by regulating the ages at which said minors may be employed their hours of employment their protection against injury and to prescribe rules for the obtaining of employment certificates and prescribing penalties for violation of the provisions thereof" approved April twenty-ninth Anno Domini one thousand nine hundred and nine so as to exclude tanneries

On the question,

Will the House agree to the bill on third reading?

Mr. SCHOFIELD. Mr. Speaker.

The SPEAKER. The gentleman from Warren, Mr. Schofield.

Mr. SCHOFIELD. Mr. Speaker, prior to the act of 1909 children of the age of eighteen years and under were allowed to work in many factories, mines, canneries, etc. Under the act of 1909 they excluded children under the age of eighteen years in a great many industries and manufacturing plants. On behalf of my county and all those counties that are not entirely denuded of children under eighteen years of age, who are not allowed to work in tanneries under the act of 1909, as there is no particular work or no part of a tannery which work is particularly important or hazardous except one and that is in the finishing of the leather, and it is not entirely convenient as that has been done by skilled workers and they don't employ people under eighteen years of age in that particular work. The reason of the introduction of the act is that most of the workingmen are boys of about sixteen years of age who don't go to school any longer, and their working helps to bring in a proper revenue for the support of the family. I have taken the precaution to get some statistics on the question and I did not take the initiative until I had taken that precaution. I wrote a letter to the Pennsylvania Child Labor Association on the subject some time ago and received the following reply under date of April 28:

Pennsylvania Child Labor Association,
April 28, 1911.

Hon. Joseph A. Schofield, House of Representatives, Harrisburg, Penna.

Dear Sir:—Thank you for your letter of the 27th in regard to the "Walnut" bills.

As to your bill No. 589, the question of the attitude of our association toward it was considered at a recent meeting and it was decided that in view of the fact that we had no first hand information as to the character of the work done by children in tanneries, we were not in a position either to approve or oppose your bill. The eighteen year limit for tannery work was placed in the law in 1909, at the suggestion of the chief factory inspector, not at our suggestion.

Yours sincerely,
FRED. S. HALL,
Secretary.

P. S.—I suggest you talk with the chief factory inspector. He presumably knows about the industry. I enclose the standard child labor law recommended by the United States Commissioners on uniform laws and by the National Child Labor Committee, from which you will see that an eighteen year limit for all work in tanneries is not recommended.

I went to the factory inspector, Mr. Delaney, and he said that he had no objection to taking tanneries out of the act of 1909. And later I wrote to Mr. Hall, the Secretary of the Pennsylvania State Association who replied as follows:

"In 1909 the United States Commissioners on Uniform Laws appointed a special committee on a uniform child labor law, which co-operated with representatives of the National Child Labor Committee in drafting the following form."

I have also communicated with Mr. Walnut the author of three bills regulating child labor and he has no objection to the bill.

And said bill having been read at length the third time, considered and agreed to.

On the question,

Shall the bill pass finally?
